# This Discovery C BREATHING

## Finally, An Entirely New

Dear Friend,

Until now, there were only two alternatives for people with lung issues: symptom-oriented drugs (prescription and over the counter) with serious side effects or avoiding physical activity.

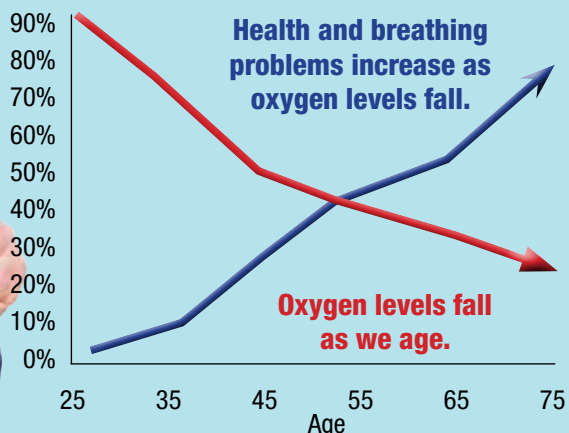

Drugs, due to their serious side effects and toxic nature, are the last resort for intelligent, nutritionally-minded people. And these drugs do nothing to restore the body to its normal healthy state. The health cost is very high and the medication

**Breathing Disorders Increase As You Get Older And Your Lungs Deteriorate**

can make you feel awful.

Avoiding physical activity is a terrible option because you can no longer do things you love, like play with your grandchildren, and this lack of activity just makes your mind and body rot away.

### Breathing Disorders Increase As You Get Older And Your Lungs Deteriorate

# an Now Be Your MIRACLE... and Natural Solution

## The Cause And Solution For Breathing Problems

Breathing problems can be caused by many things including age, physical condition, diet, smoking, respiratory infections, athletics, toxins, pollutants, pesticides, water damage under the house, unknown mold and other burdens in the air.

Any of these can make it hard to breathe. It's hard to get

air out, which means its hard to get air in.

Lungs pull in air and filter out unwanted matter. They exchange excess carbon dioxide, water, and heat from your body for life-giving oxygen. Lung function is closely tied to health on a cellular level and supports other circulatory organs, including your heart, liver, kidneys, and spleen.

## URGENT NOTICE FOR U.S. CITIZENS WHO HAVE ANY OF THE FOLLOWING HEALTH PROBLEMS...

- asthma
- allergies
- **WHEEZING**
- sinusitis
- bronchitis
- obstructive lung issue
- respiratory tract problems
- hay fever
- air pollution
- car exhaust
- secondhand smoke
- cold that hangs on too long
- sinus congestion
- stuffy nose
- **REDUCED LUNG CAPACITY**
- any kind of breathing problem
- coughing
- chest tightness
- shortness of breath
- tight heavy feeling in lungs
- stuffy nose
- getting winded easily
- tired too often
- **Or if you are taking an inhaler, anti-inflammatory shots or STEROIDS**

These statements have not been evaluated by the Food And Drug Administration.  
This product is not intended to diagnose, treat, cure or prevent any disease.

**For people suffering from chronic sinusitis, asthma, bronchitis, chronic obstructive lung, and other problems of the respiratory tract, an effortless breath of air is a godsend.**

Your respiratory system is constantly working. All day, every day, it is the vehicle for oxygen to enter your body. Unfortunately, it can also be an entry point for pollutants, irritants, dust, mold, fungus, harmful organisms, and other toxins. Unless you're living in a bubble, the constant assault from impurities can take its toll.

Millions of people suffer from lung congestion due to bronchitis, pneumonia, or

other issues. Add to this the common problems of cold, flu and airborne pollutants. It's no wonder your lungs have a hard time providing life-giving oxygen to the system.

One of the most important features of healthy airways is the elasticity and fluidity of the respiratory tract secretions. If the mucus is too thick, it blocks airways and causes difficulty in breathing.

**Chinese herbs work on the cause of lung congestion—restoring and supporting function and metabolic activity by reducing fluids, aiding in tissue repair and controlling inflammation.**

## Common Side Effects Of Over-The-

▶ **Pneumonia and other lower respiratory tract infections**—People with COPD may have a higher chance of pneumonia. Symptoms include: change in amount or color of mucus, fever, chills, increased cough, or increased breathing problems.

▶ **Serious allergic reactions** include rash, hives, swelling of the face, mouth and tongue, and breathing problems.

▶ **Compromised immune system and a higher chance of infection**—Signs of infection are fever, pain, body aches, chills, feeling tired, nausea, or vomiting.

▶ **Adrenal insufficiency**—This can happen when you

SOURCE: <https://www.drugs.com/sfx/>  
<https://www.drugwatch.com/side-effects/>

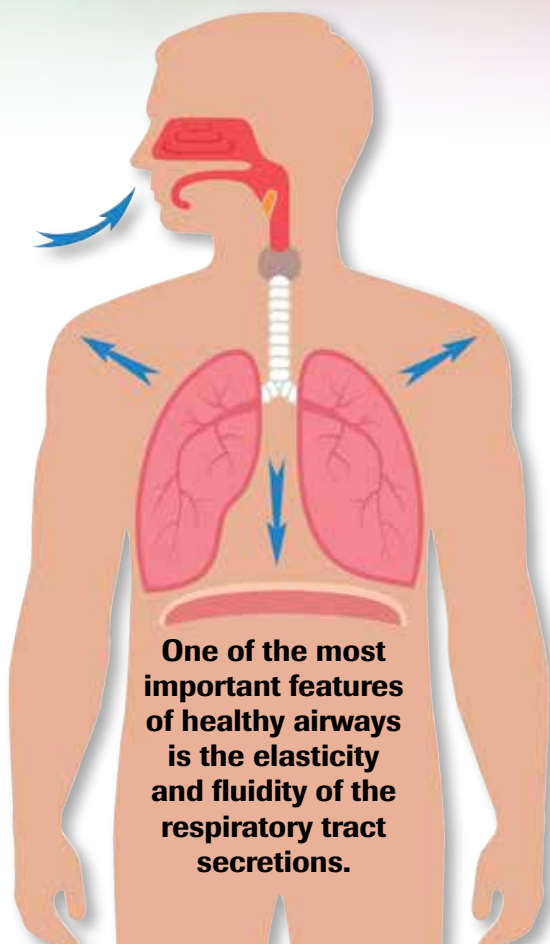

Drugs work only on symptoms and do nothing to restore the body to its normal healthy state. But certain Chinese herbs work on the cause of lung congestion—restoring and supporting function and metabolic activity by reducing fluids, aiding in tissue repair, controlling inflammation, and more.

### **13 Chinese Herbs That Relieve Breathing And Lung Problems**

Leading researchers have discovered 13 Chinese herbs that help relieve your breathing problems naturally. Proven for thousands of years to be safe

*(continued on next page...)*

## **Counter And Prescription Drugs**

stop taking oral corticosteroid medicines and start inhaled corticosteroid medicine.

- ▶ **Using too much of a medicine** may cause chest pain, increase in blood pressure, fast and irregular heartbeat, headache, tremor, or nervousness.
- ▶ **Increased wheezing** may happen right after taking prescription drugs.
- ▶ **Eye problems including glaucoma and cataracts**—You should have regular eye exams while taking prescription drugs.
- ▶ **Lower bone mineral density** can happen in people who have a high chance for low bone mineral density (osteoporosis).
- ▶ **Slowed growth in children**—A child's growth should be checked regularly while taking prescription drugs.
- ▶ **Swelling of blood vessels** (signs include a feeling of pins and needles or numbness of arms or legs, flu-like symptoms, rash, pain or swelling of the sinuses), decrease in blood potassium and increase in blood sugar levels.

**To order, call TOLL-FREE 1-800-711-0439**

and effective, these special “lung herbs” make you breathe easier and relieve your problems by doing all this...

- **Clears the mucus and toxins from your lungs**
- **Increases immune function**
- **Fights off bacteria and viruses**
- **Reduces inflammation, pain, lung tightness, and respiratory spasms**
- **Regulates body fluid levels and moisture in your lungs**
- **Increases circulation and oxygenation**
- **Soothes cough and sore throat**
- **Increases lymphatic system function**

What’s more, these 13 Chinese herbs help you breathe free and clear by giving you the following benefits...

- ✓ **EXPECTORANT** — breaks up and expels chest congestion.

**Drugs common side effects in people with asthma include** nose and throat irritation, headache, upper respiratory tract infection, sore throat, sinusitis, stomach discomfort, flu, back pain, nasal congestion, vomiting, and thrush in the mouth and throat.

**Drugs common side effects in people with COPD include** inflammation of the nasal passages and throat, thrush in the mouth and throat, bronchitis, sinusitis, and upper respiratory tract infection.

**Recent studies published in the *New England***

***Journal of Medicine* suggest steroids may cause cataracts, glaucoma and even blindness.**

- ✓ **SOOTHES** irritated nasal passages and airways.
- ✓ **RELAXES** the muscles near your upper respiratory system.
- ✓ **CALMS** the release of histamines.
- ✓ **FIGHTS** the harmful organisms that can produce upper respiratory problems.
- ✓ **ANTIOXIDANTS** to reduce cell damage and redness.

**Today’s Traditional Medicine Can Be Very Bad and Harmful To Your Health**

## **Researchers Discover NATURAL Herbs That Restore Youth and Power To Your Lungs**

---

The current medical treatments for breathing problems like asthma, bronchitis and emphysema are dangerous steroid-type drugs and albuterol inhalers.

Steroids in any form are dangerous. They shut down the immune system making you more susceptible to disease over time. Recent studies published in the *New England Journal of Medicine* suggest steroids may cause cataracts, glaucoma and even blindness.

And while these drugs alleviate symptoms, they do nothing to cure the underlying causes of your breathing difficulties. Once you start on these medicines, you will be on drugs for life...or until they harm you.

## **Researchers Discover NATURAL Herbs That Restore Youth and Power To Your Lungs**

Fortunately, you do NOT have to endure a life of drugs, suffering and inactivity. No longer do you need to use your strength to take in each new breath.

Just like you exercise a muscle to make it stronger, researchers have recently discovered herbs that make your bronchioles and lungs stronger, PLUS make them less sensitive to air particles, allergies and other irritants.

But now—finally—researchers have discovered 13 proven, time-tested, ancient Chinese herbs that help you breathe free and clear naturally... with NO drugs or side effects.

# The **13** Best Herbs To Cleanse Your Lungs And Relieve Your Breathing Problems

**T**raditional Chinese Medicine (TCM) recommends these 13 herbs for healthy lung function. These help relieve or end breathing and lung problems.

**1 Dong quai** contains plant phytochemicals known to increase white blood cell production and fight viral or bacterial infection in the lungs and respiratory system.

**2 Ophiopogon root** helps restore necessary bodily fluids and moisture in the system. It is especially good for bringing moisture back into the lungs and helping to eliminate dry cough associated with thick

**Ophiopogon root**

sticky mucus.

**3 Poria** helps balance electrolytes in the system and helps eliminate unnecessary fluid retention in the lungs.

**4 Chinese asparagus root** helps moisten and cleanse the lungs, making it easier to breathe and also reduces cough and sore throat.

**5, 6 Chinese skullcap root bark** and **Mulberry root bark** each contain antibacterial and anti-viral properties.

**7 Gardenia fruit** helps reduce inflammation and pain in the respiratory system. It also helps calm the

Oral Chinese Herbal Medicine for Improvement of Quality of Life in Patients with Stable Chronic Obstructive Pulmonary Disease: A Systematic Review. *J Altern Complement Med.* 2012 Jul 17. Chang HT, Tseng LJ, Hung TJ, Kao BT, Lin WY, Fan TC, Chang MD, Pai TW. Inhibition of the interactions between eosinophil

cationic protein and airway epithelial cells by traditional Chinese herbs. *BMC Syst Biol.* 2010 Sep 13;4 Suppl 2:S8. Adams C. *Asthma Solved Naturally: The Surprising Underlying Causes and Hundreds of Natural Strategies to Beat Asthma.* Logical Books, 2011.

body and relax muscles during coughing spasms or anxiety attacks related to breathing and other respiratory difficulties.

**8** **Luo han guo fruit** is high in antioxidants, particularly Vitamin C, and helps to increase immune function.

## 9, 10, 11

**Platycodon root, zhejiang fritillary bulb and tangerine peel** help reduce overproduction of mucus and phlegm. These herbs also help reduce overproduction of mucus and phlegm. They assist in decreasing the stagnation of toxins in the system and improve lymphatic system function in order to cleanse the body, blood, lungs, and respiratory system.

**“ This herb helps moisten and cleanse the lungs, making it easier to breathe and also reduces cough and sore throat. ”**

**12** **Schisandra fruit** promotes oxygen supply for the cells and lungs and is known to increase athletic performance.

**13** **Chinese licorice root** helps reduce inflammation and pain in the respiratory system.

Many people say these 13 herbs work better or as good as any drug...with NO side effects.

*(continued on next page...)*

## What will you do when you can't play with your grandchildren anymore?

**If you can't do activities or walk far without huffing and puffing, your life is not going to be fulfilling. Don't let your lung issues keep you from work, exercise, having sex, socializing, or playing with your grandchildren.**

# Announcing All-Natural LungRenew

**L**ungRenew is a daily supplement that contains all 13 of the Chinese herbs that work best to make you breathe free and clear. Now, finally, you can breathe easy with no dangerous medicines or side effects!

LungRenew is an all-natural discovery you don't need a doctor's visit or prescription for—with NO side effects.

- keeps airways free of phlegm and mucus
- supports free and clear breathing
- significant improvement of your lung function
- it acts like a lung decongestant
- no antibiotics which destroy all the good healthy bacteria in your gut
- highly effective for any kind of breathing problem

## ***LungRenew In Action In Your Body***

- **Toxins and mucus build up inside your lungs so you can't breathe well**
- **This natural supplement flushes the toxins and mucus out of your lungs**

***LungRenew* acts like a "DRAIN CLEANER" to remove the blockage from your lungs so you breathe free and clear with no drugs or side effects.**

## Now You Will Enjoy Your Life More!

### People say their whole life changes after taking LungRenew

You no longer have to give up the activities you love because you are fatigued and have trouble breathing. **LungRenew** makes breathing easier!

With **LungRenew**, instead of being cooped up in the house coughing, wheezing and gasping for air, you can get out and enjoy life more now...without taking dangerous medicine!

Here's the bottom line...with 100% natural **LungRenew** you may...

- ✓ **Climb stairs effortlessly**
- ✓ **Enjoy long, leisurely walks**
- ✓ **Concentrate more easily and feel more alert**
- ✓ **Play with your grandchildren without getting tired**
- ✓ **Enjoy more stamina**

“You will breathe easy and get all the energizing, life-giving oxygen you need for an active, healthy life.”

- ✓ **Reduce coughing**
- ✓ **Feel energized**
- ✓ **Have less fatigue**
- ✓ **Have fewer colds**
- ✓ **Reduce allergies**
- ✓ **Reduce shortness of breath**

This may sound too good to be true, but let me assure you, it's not. When your lungs are restored with all natural **LungRenew**, you will get all the energizing, life-giving oxygen you need for an active, healthy life.

Remember, your lungs are the engine of your body. If they are not operating at maximum efficiency, your health will suffer and deteriorate.

## Helps Relieve “Smoker’s Hack”

If you are a current smoker or ex-smoker, this supplement can help reduce your phlegm formation, hacking, coughing and wheezing. Smoker's hack is a problem that is too often ignored and untreated.

SOURCE: An X, Zhang AL, May BH, Lin L, Xu Y, Xue CC. Oral Chinese Herbal Medicine for Improvement of Quality of Life in Patients with Stable Chronic Obstructive Pulmonary Disease: A Systematic Review. *J Altern Complement Med.* 2012 Jul 17. Inhibition of the interactions between eosinophil cationic protein and airway epithelial cells by traditional Chinese herbs. *BMC Syst Biol.* 2010 Sep 13;4 Suppl 2:S8.

## Relieve These Problems Naturally

Here are just some of the many problems the ingredients in **LungRenew** have relieved...

- ▶ **a chronic and constant cough** the conventional “experts” have not been able to provide any relief for.
- ▶ wheezing so loud the family could not have quiet evenings at home.
- ▶ what feels like someone gently pressing in on my chest and sternum, giving me the sensation of reduced lung capacity and a congested feeling.
- ▶ **getting winded easily**

when doing any kind of heavy work. Even some not so heavy work, like raking leaves and climbing a short flight of stairs.

- ▶ **lung capacity just isn't what it used to be.**
- ▶ hating prescription drugs and having to see a doctor regularly just to keep getting refills.
- ▶ could not work out without having to use the inhaler at least twice a day or take asthma pills.

- ▶ **constant sinus problem and congestion.**

- ▶ a nasty “smokers cough”.

People say this is better than anything else on

the market for asthma, allergies, bronchitis, sinus problems, coughing, colds, pollution, congestion and just increasing your ability to breathe.

Soon you will be saying, "I can't believe I suffered all this time when I didn't have to. I'm starting to feel normal, and my energy level is increasing as well. This stuff really does get rid of the mucus inside the lungs."

### **Helps End FATIGUE**

When your lungs are not functioning at peak capacity and you have trouble breathing, you either cannot expel carbon dioxide or deliver enough oxygen to your body. This causes your whole body to shut down and makes you tired.

Breathing problems affect your whole body and health. Nowhere is this more obvious than with your brain. If your brain does not get 100% of the oxygen it needs, it cannot function properly.

Since the brain controls all other functions in your body, even a slight lack of oxygen to your brain causes fatigue.

# Questions And Answers

**Q Are there any side effects from taking LungRenew?**

**A. NO.**

**Q Can I take LungRenew while taking prescription drugs or other medications?**

**A. YES.** There have been no negative interactions reported.

**Q Can children take LungRenew?**

**A. Yes.** The usual dosage for children is half the adult dosage. You can adjust the dosage for body weights. For example, if a teenager has an adult weight, he or she would take an adult dosage.

**Q Should I check with my doctor first?**

**A. It is always recommended that you talk to your doctor before taking any supplement.**

## Meet Richard

Richard Monroe\*, 57, an engineer in Dallas, saw his doctor because he had shortness of breath and allergy-like symptoms. He and was given a prescription for an asthma inhaler, steroids and an antihistamine.

Richard started taking these medications, but soon noticed he felt sped-up, dizzy and started gaining weight. While at his Walgreen's, he checked his blood pressure and it had went from normal to a dangerous 180/115!

When he told his doctor about this, the doctor said he would call in two more prescription drugs for him, an anti-anxiety medication and a blood pressure medication!

Richard thought his doctor was nuts!

What was causing these new health problems? These were side effects from the medicine he was taking. He was **not** about to increase his problems by taking even **more** drugs!

★ At his wife's urging, Richard went to a Naturopathic doctor who had studied herbal healing. He told Richard to STOP taking these drugs and instead switch to a supplement that contains 13 Chinese herbs that have been proven to relieve the symptoms he has with no side effects.

What happened?

Richard told me, ***"I immediately felt better and breathed easier. I no longer coughed or wheezed and my allergy-like symptoms were almost gone in one week.***

***"This natural supplement has been a godsend for me. I no longer have any health problems, and my blood pressure is down to the healthy range now with NO prescription medicines!"***

Do you want the same great results as Richard?

**LungRenew releases you from the chains of anxiety, fear, worry and stress. It gives you the freedom to relax and enjoy your life like you deserve to!**

\*Richard's study is fictional for illustrative purposes only to demonstrate common occurrences with prescription drugs.

# Millions Spent To Keep This Natural Health Secret Hidden From the Public!

**Y**ou would hope the Big Drug Companies would recommend the most proven and safe healers, wouldn't you? But when their billions of dollars are on the line, do you really think you get the truth from them?

**“I'm sick and tired of good people suffering from side effects when they don't have to!”**

Are you going to let their self-interest control your health? Or are you going to get the real facts and decide for yourself?

**I'm red-hot mad!** I'm sick and tired of good people suffering from side effects when they don't have to!

**I'm not going to take it anymore!** I'm going to fight back and get this great natural health news out to the public! The hiding of these 13 herbs reminds me of how Big Medicine hid the benefits of omega-3 fish oil for decades, even though it would have helped millions of people!

You see, dear reader, millions and millions of dollars are spent to keep natural health information hidden from you.

Why? Maybe it's because prescription drugs cost hundreds and hundreds of dollars a year, compared to this natural supplement that costs only pennies a day. And NO doctor, surgery, hospital or drug company prescription is needed.
