# The Great Probiotic Rip-Off

...New research reveals “the missing link”  
to end your digestion problems

**New breakthrough is proven to work as much as 300% better to**  
**END YOUR DIGESTION AND DIGESTION-RELATED**  
**HEALTH PROBLEMS Once And For All!**

**Acid Reflux • Heartburn • Bloating • Overweight • Gas**  
**Trouble Losing Weight and Keeping It Off • Frequent Cold or Flu**  
**Lactose Intolerance • Constipation • Fatigue/Low Energy**  
**High Cholesterol • Weakening Bones • Can't Eat Certain Foods**  
**Irritable Bowel • Sleep Problems • Allergies • Bad Breath**  
**Excess Belly Fat • Indigestion • Asthma • Stomach Pain • Diarrhea**

Do you  
have  
any of  
these?

**EXPOSED:** **The Shocking Truth About Probiotics, Antacids, Laxatives, Yogurt, and Digestion Supplements ... and why the establishment is hiding this from you.**

- **In this Urgent Special Report** — Shocking Dangers of Taking These Products.... *Pages 8-10*
- **Why 99% of Probiotics Do NOT End Your Digestive Problems** — But How You Can ..... *Page 2*
- **Finally, END Your PAIN and SUFFERING and EMBARRASSMENT! ENJOY YOUR FAVORITE FOODS AGAIN! FEEL GREAT AGAIN with NO MORE DIGESTIVE PROBLEMS and NO drugs!**

Dear Friend,

This Special Report **is going to shock you.**

I'm going to expose the huge Probiotic Rip-Off and similar cover-ups by antacids and laxatives. It's a scandal I must expose because I'm outraged that so many good people have been duped by these cover ups.

I'm going to reveal the *(continued inside)*

**According to *TIME Magazine* and *CNN*,  
“Dr. Mindell is widely regarded as  
the world's #1 authority on natural  
health solutions.”**

**DR. EARL MINDELL**

2 missing nutrients in 99% of probiotic supplements ... and why this makes them NOT WORK at all, or not as good as you need them to.

But here's the bottom line: **Harvard University** new research, published in medical journals, on MSNBC and ABC-TV proves even today's best probiotic supplements are outdated and ineffective.

### Harvard's New Research Proves "Your Current Probiotic Supplement Is Not Enough!"

The new research shows that Probiotics by themselves almost NEVER WORK.

Why?

You've read a lot about PROBIOTICS. They are healthy "good" bacteria found in your digestive system. They have many important functions, such as helping to support your immune system and digestive tract.

But just like people, even good bacteria must be well-fed to perform it's best, and this is what PREbiotics do.

PREbiotics are the necessary help that probiotics need to take hold, thrive and work well in your digestive tract ... to end your health problems.

PREbiotics are special nutrients that act like "superfood" for probiotics. PREbiotics make probiotics take hold, multiply, flourish and grow better so your digestive problems go away.

In fact, new research shows PREbiotics can increase the effectiveness of probiotics by as much as 300%!

PREbiotics work like "Miracle-Grow". PREbiotics are a nourishing "fertilizer" for probiotics. They keep your digestion system working right day after day. PREbiotics turbo-power your good healthy flora to kill

## MEET Dr. Earl Mindell

According to *TIME Magazine* and *CNN*, "Dr. Mindell is widely regarded as the world's #1 authority on natural health solutions."

Author of 22 books, his *New York Times* best-seller, *The Vitamin Bible*, published in 33 languages, has sold 11-million copies and is considered the leading guide to nutritional supplements.

As a Doctor of Nutrition, Certified Pharmacist and Master Herbalist, Dr. Mindell has been a frequent guest on radio and television programs such as *Oprah*, *Live with Regis and Kathy Lee*, *Good Morning America*, *CNN* and *Fox News*. His articles have appeared in *Good Housekeeping*, *The Wall Street Journal* and *Time Magazine*.

Dr. Mindell's nutritional solutions have helped millions of people end their health problems and feel better naturally, with no harmful drugs or surgery.

In his typical modest way, Dr. Mindell tells us: "I opened my first pharmacy in 1965. I

became shocked just how many drugs people were taking, not just for illness but simply to get through the day! By 1970 I was totally committed to nutrition and preventive medicine. I went into partnership with another pharmacist for the prime purpose of making natural vitamins and accurate nutrition information available to the public. Today, as a nutritionist, lecturer, and author, I'm still excited about that world that opened up to me over 40 years ago — a world that continues to grow with new discoveries daily — and I'm eager to share an amazing new supplement with you, **DUALFLORA™!**"

your bad flora in seconds ... so you have no more digestive health problems.

**But the sad fact is:** PREbiotics are NOT found in 99% of probiotic supplements because they cost a lot more money for the vitamin or supplement company to put them in!

Shameful, isn't it? It makes me so mad I could scream! But this problem has now been solved by a new supplement named **DUALFLORA™** which you can now receive from this announcement.

### **“Doctor, What are PREbiotics and How Do They Work to End My Digestion Problems?”**

PREbiotics are fibers that nourish, multiply and strengthen the friendly “good” bacteria that live in your digestive system.

These new “supernutrients” feed the good bacteria in your intestinal tract so it can thrive. According to a recent study, just one gram per day can **increase the digestion-healing good bacteria in your digestive system by an incredible 500% in just four weeks.**

If you do NOT take PREbiotics, you will be lacking the good bacteria your body needs for good digestion, to end your related health problems, and to fight-off illness and fatigue.

This is why Probiotics are now being taken over by this much more effective digestive

**“I’ve had digestive problems for 35 years ... I’ve tried over 20 products ... spent thousands on doctors and prescription drugs ... nothing worked good until this!”**

—LAURA BINGHAM,  
ANAHEIM, CA

supplement breakthrough **DUALFLORA™** that also has PREbiotics in it.

**★PROOF:** In a double-blind clinical trial, supplementation with PREbiotics for six weeks was **significantly** more effective than a placebo at relieving symptoms of abdominal discomfort, bloating, constipation, urgency, and diarrhea. The average symptom severity decreased by an incredible 44% in the group receiving PREbiotics!

### **DUALFLORA™ Contains Both PREbiotics and PRObiotics in the Same Supplement! This Gives You Much More Effective Relief ... And Now, For The Same Cost!**

The incredible new supplement **DUALFLORA™** contains BOTH powerful PREbiotics and PRObiotic in it ... the first of it's kind!

The PREbiotics feed your beneficial bacteria in the digestive tract so they can take hold, thrive and end your problems.

I'll tell you more exciting facts about **DUALFLORA™** in a moment, but first I must warn you about the serious side effects kept hidden from you about other digestive products.

### **Harvard: The Shocking Truth about Antacids and Acid Blocking Drugs**

Over-the-counter Antacids and prescription acid-reducers ...

**... are now shown to cause bones to destroy themselves — and lead to 160% increase in hip / spine fractures ... plus**

*(continued)*

## **WARNING: These “First Stage” Symptoms Could Land You in the Hospital Soon — The Downward Spiral That is Happening in Your Digestive System Now**

**B**ecause you are NOT taking this new breakthrough, your digestive system is getting worse and worse, weaker and weaker, day after day, because it is NOT being repaired and strengthened properly.

The facts are now clear. WITHOUT this new “Supernutrient”, it gets harder and harder for your body to absorb vitamins and nutrients from the foods you eat. Undigested foods are sticking in your gut and becoming rotted. Your immune system is being weakened. Your bloodstream is becoming more poisoned by harmful bacteria and toxins.

**WARNING:** You may think “First Stage” symptoms like heartburn, bloating, gas, constipation, diarrhea and irritable bowels are no big deal, but that is a common mistake I see people make every day. They can get a lot worse very soon if left untreated, and land you in the hospital.

### **memory loss and digestive problems, according to Harvard Medical School.**

And that’s not all. The original cause of heartburn, acid reflux or GERD is never addressed and so the poor sufferer is trapped into a lifelong habit of popping antacids or taking a drug every day.

The small, tiny print on antacids packaging even says “Do not use longer than 14 days”. That’s because over time the long list of side effects become increasingly likely and severe. Too many consumers exceed these recom-

mendations because the pain simply never goes away. These drugs are not curing the sufferer, just providing temporary relief of symptoms by masking the underlying cause of your heartburn or acid reflux.

### **Calcium Based Antacids Side Effects**

Common brands of over the counter antacids include: **Pepto-Bismol, Milk of Magnesia, Roloids, Tums, Alka-Seltzer, Mylanta, Roloids, Maalox, and Gaviscon.**

Here is a list of the published side-effects of antacids containing calcium:

- Constipation (severe and continuing)
- Difficult or painful urination
- Frequent urge to urinate
- Headache (continuing)
- Mood or mental changes
- Muscle pain or twitching
- Nausea or vomiting
- Nervousness or restlessness
- Slow breathing
- Unpleasant taste
- Unusual tiredness or weakness

**“ I had pain so bad it kept me up at night. It messed up my sleep because I was constantly waking up with pain” says John DeJesus, 45, from Arlington, IL. He tried over-the-counter products, then prescription drugs, but nothing worked good enough until he started taking **DUALFLORA™** and now he says “I have no more digestion problems and no more pain or sleep problems! ”**

## Magnesium Based Antacids Side Effects

Some brands of antacids use magnesium instead of calcium with the generic names magnesium carbonate or magnesium hydroxide. Published side effects include:

- Difficult or painful urination (with magnesium trisilicate)
- Dizziness or lightheadedness
- Feeling of discomfort (continuing)
- Irregular heartbeat
- Mood or mental changes
- Muscle weakness
- Unusual tiredness or weakness

## Sodium Bicarbonate Based Antacids Side Effects

Some brands of antacids use sodium bicarbonate. The published side effects are:

- Frequent urge to urinate
- Headache (continuing)
- Muscle pain or twitching
- Nausea or vomiting
- Nervousness or restlessness
- Slow breathing
- Swelling of feet or lower legs
- Stomach cramps
- Unpleasant taste
- Unusual tiredness or weakness
- Chalky taste
- Constipation (mild)
- Diarrhea or laxative effect
- Increased thirst
- Speckling or whitish discoloration of stool

## Aluminum Based Antacids Side Effects

Some brands of antacids use aluminum in the form of aluminum hydroxide. The published side effects are:

- Bone pain
- Constipation (severe and continuing)

**T**aken long term, acid reflux drugs could destroy your bones and put you in a wheelchair.

And according to the *Journal of the American Geriatric Society*, **one out of five people who break a hip die within a year!**

- Feeling of discomfort (continuing)
- Mood or mental changes
- Muscle weakness
- Swelling of wrists or ankles

## Proton Pump Inhibitors (PPI) Side Effects

Proton Pump inhibitors block the H<sup>+</sup>/K<sup>+</sup> ATPase enzyme reaction (or proton pump) in the final phase of acid secretion by the parietal cells. PPIs are the most potent of all acid blockers on the market. In the US this class drugs includes; **Prilosec**, **Prevacid**, **Aciphex** and **Nexium** or generically **Omeprazole**. The published side effects include:

- Anxiety
- Diarrhea
- Skin rash or itching
- Abdominal or stomach pain
- Joint pain
- Nausea
- Vomiting
- Cold or flu-like symptoms
- Constipation
- Increased cough
- Mental depression
- Muscle pain
- Rectal bleeding
- Unusual bleeding or bruising (*continued*)

### **BREAKING NEWS ALERT! NEW FDA WARNING!**

Using proton pump inhibitors (like Nexium® and Prilosec®) on a long-term basis, increases your risk of hip, bone and spinal fractures.

## H<sub>2</sub> Antagonists Side Effects

This drug class includes US brands such as: **Axid**, **Pepcid**, **Tagamet**, and **Zantac**. Their generic equivalents are: **Cimetidine**, **Famotidine** and **Ranitidine**. The published side effects of H<sub>2</sub> antagonists include:

- Constipation
- Decrease in sexual desire
- Decreased sexual ability
- Diarrhea
- Difficult urination
- Dizziness
- Drowsiness
- Dryness of mouth or skin
- Headache
- Increased or decreased urination
- Increased sweating
- Loss of hair
- Ringing or buzzing in ears
- Runny nose
- Swelling of breasts or breast soreness in females and males
- Trouble sleeping

### But the sad fact is:

**PREbiotics are NOT found in 99% of probiotic supplements because they cost a lot more money for the vitamin or supplement company to put them in!**

You see, your digestive system is at the very core of your well-being. Every part of your body is affected by how your digestive system works.

Millions of unsuspecting consumers start taking acid blocking drugs or antacids every year that suppress symptoms but do nothing to treat the underlying causes of the problem. For most this will become a lifelong habit with a high cost; not only in money, but also through the long list of side effects and

## Do You Ever Need to Take An Antibiotic?

Then you definitely need this new discovery in your digestive system now!

**A**ntibiotics are “blind killers”. When you take one, they not only kill the BAD bacteria in your

gut ... but they also kill ALL the GOOD bacteria in your gut that you need for good health! Even worse, a lot of your good bacteria will not come back for up to 9 months, sometimes even

longer! This is one more reason you need **DUALFLORA™**.

### Long-Term Effects of a Seven-Day Course of Antibiotics

Source: Janet K. Jansson, Lawrence Berkeley National Laboratory

gradually declining overall health. Thankfully, there is now an effective all-natural solution, **DUALFLORA™**.

### Why **LAXATIVES** are **NOT** Good for You to Take!

Laxatives are for short-term use, meaning less than 1 week. Do not use laxatives too much. Laxative abuse can have serious side effects:

- They can **damage the muscular function of your bowel**.
- You may need to take more and more of the laxative to get results, until eventually the **laxatives do not work**.
- **Excessive laxative use can drain your body of water, vitamins, and minerals.** This dehydration can cause weakness, blurry vision, fainting, kidney damage, and (in cases of severe dehydration) death.
- **Electrolyte imbalance.** Electrolytes are minerals (sodium, potassium, calcium, etc.) that are in body fluids in very precise amounts and ratios. Electrolytes are responsible for proper functioning of nerves and muscles. Laxative abuse can upset a person's electrolyte balance and cause improper functioning of vital organs, like your heart!
- They can cause **kidney stones or kidney failure**.

Sadly, most doctors do not learn anything about nutrition as medical students and also do not learn about preventative medicine.

## 19 Symptoms That Your Probiotic or Digestion Remedy Is NOT Working

1. Indigestion
2. Acid Reflux
3. Heartburn
4. Bloating
5. Excess Belly Fat
6. Lactose Intolerance
7. Weakening Bones
8. Constipation
9. Fatigue — Low Energy
10. High Cholesterol
11. Irritable Bowel
12. Sleep Problems
13. Allergies
14. Asthma
15. Stomach Pain
16. Diarrhea
17. Gas
18. Bad Breath
19. Frequent Cold or Flu

The state of health care in this country is dominated by a “treat the symptom” and not a “treat the cause” paradigm.

I am not surprised you have had to turn to prescription drugs or laxatives to find help. Go to a doctor and they will probably prescribe

## OVERWEIGHT? Excess BELLY FAT?

It's very common to lose 10, 15, 20 pounds or more fast once you start taking **DUALFLORA™**. The unique PREbiotic formula found only in it super-charges your digestive system to work better. Fat literally comes pouring out of your body. If you want to lose weight, or have trouble losing weight and keeping it off, **DUALFLORA™** is your solution.

**BEFORE  
DUALFLORA™**

**AFTER  
DUALFLORA™**

you a drug, laxative or put you through a battery of barium testing, colonoscopies and scans.

## How the 7 PREbiotic and PRObiotic Nutrients in DUALFLORA™ Help End Your Digestion-Related Health Problems ... Even If Everything Else Has Failed

Each capsule of the exclusive, new **DUALFLORA™** includes...

**1** **Lactobacillus acidophilus** that starves out “bad bacteria” and inhibits 23 known illness-causing pathogens (5 billion CFUs)

**2** **Bifi dobacterium bifi dum** that detoxifies “bad” bacteria in your large intestine and colon and improves your digestion (5 billion CFUs)

**3** **Bifi dobacterium lactis** that boosts your body’s immunity to destroy “bad” bacteria (1 billion CFUs)

**4** **Lactobacillus plantarum** that crowds barrier in your colon (1 billion CFUs)

**5** **Bifi dobacterium breve** that gobbles up “bad” bacteria like Pac-Man (500 million CFUs)

**6** The super PREbiotic **FOS**, which is a feast for “good” bacteria

## Enjoying your favorite foods again, Even the spiciest dishes!

Yes, I’m talking about eating pizza, fried chicken, chocolate, plus drinking coffee and alcohol with no more problems whatsoever thanks to **DUALFLORA™**!

**7** The super PREbiotic **inulin**, which powers up “good” bacteria

The first PREbiotic in **DUALFLORA™** is FOS. FOS stands for fructooligosaccharides. This nutrient feeds, stimulates and makes the “good” flora bacteria in your digestive system work to end your health problems. Specifically, FOS stimulates the growth of Bifidobacterium and Lactobacillus strains of “good” bacteria — all which can help you quell “bad” bacteria, excess acid build-up and acid reflux.

In a randomized, double-blind study, 427 people received FOS for 8 weeks around the time of fall final exams. This stress was found to increase diarrhea, indigestion, and reflux syndromes and with abdominal pain, average daily cold or flu symptom intensity score, and the percentage of days with cold or flu.

# YOGURT?

You Need to Eat **120 Cups** of Yogurt Every Day to Get What Your Body Needs!

**T**he constant TV commercials try to brainwash you into thinking Yogurt is a good digestion solution. What they DON’T tell you is a cup of yogurt has only 200 million good bacteria in it. That may sound like a lot, but your body needs 120 times this amount, and **DUALFLORA™** gives you this with 25 Billion good bacteria in every pill!

## “I felt like I had a huge rock stuck in my stomach,” but not anymore!

**P**ete’s\* case of acid reflux sounds very similar to many patients I treat.

Admittedly, his poor diet led to a bad case of acid reflux. So he took an acid blocking medication. But whenever Pete ate, he felt like he had a rock in the pit of his stomach. The medication was hammering down all the stomach acids, and he couldn’t digest his food. This left Pete tired, lethargic and constipated. He felt awful.

Fortunately, he was able to get off the medication, and instead starting taking the super nutrients I give to my patients — the same ones found in **DUAL-FLORA™**. Soon after, Pete was feeling great again.

**The results were amazing. Gastro-intestinal symptom scores for diarrhea, constipation, abdominal pain, and indigestion were as much as 44% lower after taking this.**

**SUSAN\***, who suffered acid reflux for years, was told by her doctors she’d have to take acid reflux drugs NOT SO!

Now, Susan knows the real risk of long-term use of these drugs—like unexplained fractures of the leg, hip or spine—and a hard-to-quit “rebound reflux” problem.

The great news? Now, there’s an all-natural solution that ends her problems called **DUALFLORA™**.

\*Name changed for privacy

(Source: Hughes C, Davoodi-Semiromi Y, Colee JC, Culpepper T, Dahl WJ, Mai V, Christman MC, Langkamp-Henken B. Galactooligosaccharide supplementation reduces stress-induced gastrointestinal dysfunction and days of cold or flu: a randomized, double-blind, controlled trial in healthy university students. *Am J Clin Nutr*. 2011 Jun;93(6):1305-11.)

**DUALFLORA™** also contains a second PREbiotic named Inulin. This is a fiber nutrient that powers up “good” bacteria. It is extracted from chicory and artichokes. Inulin is resistant to digestion in your upper GI tract. So it reaches your large intestine fully intact, where it speeds up the growth of Bifidobacterium and Lactobacillus strains of “good” bacteria.

In one study reported by *The British Journal of Nutrition*, healthy volunteers consumed Inulin for three weeks.

The result? Significantly higher levels of Bifidobacterium and Lactobacillus “good” bacteria than those taking the placebo! If that’s not enough, research from Bioscience shows that FOS and inulin decrease

# PREbiotics and Probiotics Make a HEALING DREAM TEAM!

“A study reported in *The British Journal of Nutrition* reveals that good bacteria soared when PREBIOTICS were added to PROBIOTICS. They're in DUALFLORA™!”

—The George Mateljan Foundation

pathogenic bacteria in the intestines, stimulate the immune system and relieve constipation.

Even more important, I've found the when you combine all 7 nutrients **found in ONLY in DUALFLORA™**, you get the powerful synergy of them working together to end your digestion and digestion-related health problems for good!

As I mentioned, I use these very same super probiotics and prebiotics to help my patients get blessed relief from acid reflux, heartburn, stomach agony and other health problems. Over the years, I've seen the

results of these natural secrets, and they've worked wonders. Even when other so-called “solutions” have failed or caused dangerous side effects.

## More Health Benefits from DUALFLORA™ with PREbiotics

### ■ Helps Your Heart; Lowers Cholesterol, Triglycerides

PREbiotics have been shown to lower cholesterol and triglyceride levels — both indicators of heart problems.

Several double-blind trials have evaluated the efficacy of fructo-oligosaccharides (FOS) and inulin. These trials showed a significant reduction in these harmful levels.

## TIRED TOO MUCH? Low energy now defeated for so many people!

**I**f you want to have a lot more energy, you first need to fix your digestive system.

Your digestive system is key to having more energy. Digestive problems sap your body's energy levels.

Once it's fixed with **DUALFLORA™**, your energy will not be drained anymore from your digestive problems, and you will feel the difference every single day!

### ■ Strengthens Your Immune System

From an immunity standpoint, who doesn't want to feel better and get sick less often? In preliminary research, PREbiotics boosted white blood cells and killer T cells, which both strengthen your immune system.

### ■ Helps End IBS, Weakening Bones, High Blood Sugar

Because PREbiotics act in your intestines, they have a profound effect on the pathogens and bad bacteria in your body that can cause

# Sleep Problems?

**D**igestion problems can prevent you from falling asleep, and from staying asleep. Even if you don't feel digestion problems during the night, they may be "silent" digestion problems that keep your body in a high state of action and therefore won't allow it to fall asleep and stay asleep.

Well, **DUALFLORA™** solves this problem for you. It heals and quiets your entire digestive system so you can fall asleep faster, and stay asleep, and wake up refreshed and full of energy every morning.

illnesses. Prebiotics are being used to treat Irritable Bowel Syndrome and may also prove useful for treating weakening bones and high blood sugar.

## ■ Helps Reduce Your Sadness, Low Mood, Anxiety and Stress

Serotonin is the chemical that makes you feel "good" or "bad". It is called "the happiness chemical", and it's vital to keep your mood balanced. According to the journal *Alimentary Pharmacology*, "95% of your body's serotonin is located in the GI tract". This is why growing evidence shows a very strong correlation between serotonin and mental health ... and the key is your digestive tract ... and **DUALFLORA™** helps this.

**NOW ... YOU Will Live A BETTER, HAPPIER AND FULLER LIFE with NO Discomfort or Physical Limitations!**

As a doctor, I'm not supposed to get "excited", but this supplement can dramatically help millions of sufferers, so

**MARY\***, age 60-plus, came to me suffering from gas, belching, bloating, burping — all adding up to stomach and abdominal agony. Things got so bad, she wasn't really able to function, wasn't able to live a normal life.

I got her on this supplement and things began to change for the better. Soon after, Mary's acid reflux was ancient history. Mary's story is important because it represents the successful results I've seen with **hundreds** of my patients.

Now, for the very first time, you can take these same powerful natural ingredients found in the new **DUALFLORA™** to stop your own health problems.

\*Name changed for privacy

I am very excited, and I'm proud of it. This is like nothing you have **EVER** seen or tried before.

The exciting news in this letter is really

*(continued)*

**“DUALFLORA™ works much better than Flora Source.** I have tried so many different probiotics including Flora Source. It's like comparing adults to children. Your **DUALFLORA™** supplement gets rid of my digestion problems much, much better. Thank you for developing such a great product Dr. Mindell! ”

—ROGER ANDERSON, TULSA, OK

about your opportunity to live healthier, happier and longer!

Now you can have the great health and more energy to enjoy the things that really make you happy like:

- **Spend more quality time with your kids and grandkids!**
- **Golf, fish, do whatever you love more!**
- **Feel more excited, happy and positive!**
- **Make your marriage truly something (more) special!**
- **Learn exciting new things!**
- **Meet and become friends with new, exciting and fun people!**

You will be much more energized so you **WILL** be able to be there for everyone else and also accomplish your goals much easier. You will get more accomplished in less time, with less stress, with less anxiety, and with less fatigue.

And you will also **SAVE** a lot of time and money. You will save trips to the doctor. You will save by not needing prescription drugs or expensive surgery. You will save trips and the expense of emergency room visits too.

I'd like to ask you a personal question. When you “return to health” with **DUAL-FLORA™**, how will your life improve?

What will you do? What will you buy? Where will you travel to? What will you win or accomplish? Who will be more attracted to you? What fear will be gone? What worry will be over? What gut-wrenching problem will be solved? What do you really want and will get?

**“I Personally Guarantee  
You Will Relieve or End  
Your Health Problems, and  
Feel Like a New Person ...  
Or It's Yours FREE!”**

I am so excited about how you will feel taking **DUALFLORA™**. That's why that I want you to try it for 60 days absolutely **RISK-FREE!**

If you are not jumping for joy at how much better you feel — I'll send you a full refund with no questions asked!

Please read that again!
