

NATURAL HEALTH NEWS

SPECIAL BULLETIN

After 20 Years of Painstaking Research, Doctors and Scientists Harness the Power of a Cold-Blooded Killer to Bolster Your Immune System and Help Heal Many Health Problems Safely and Naturally!

Feel Healthier! Live Longer!

You Don't Have To Suffer With Health Problems Any More!

Super-powerful *d-LENOLATE*[™] is the ONLY patented, all-natural herbal anti-pathogen that's **100% SAFE FOR YOU**, but **PROVEN DEADLY** to disease-causing bacteria, viruses, mold and fungi! Helps you feel healthier, energized and helps heal ...

- Allergies
- Arthritis
- Chest Pain
- Congestion
- Diarrhea
- Digestion Problems
- Fatigue
- Flu
- High Blood Pressure
- High Cholesterol
- Infections
- Shortness of Breath
- Yeast Infections
- Much More!

You Get FAST, SAFE, NATURAL relief ... With NO side-effects, NO resistance build-up!

INSIDE: How *d-LENOLATE*[™] Supercharges Your Immune System for Maximum Health and Long Life ... FAST!

ELIMINATE FATIGUE! Page 9

d-LENOLATE frees your body of pathogens and their diseases, so you'll feel energized!

END HEART PROBLEMS! Page 6

d-LENOLATE helps keep coronary arteries clean and blood pressure and cholesterol low!

END COLDS AND FLU FASTER! Page 7

d-LENOLATE attacks and kills the pathogens that cause illness.

PATENTED POWER!

Only *d-LENOLATE* is so effective, it's been granted a U.S. patent!

U.S. Patent

Have You Ever Dreamed ...

...YOU CAN be free of the pain and inflammation of arthritis!

...YOU CAN regain normal heart rhythms without dangerous drugs!

...YOU CAN improve blood flow and reduce your risk of death!

...YOU CAN eliminate chronic, recurring vaginal yeast infections!

...YOU CAN prevent and quickly end all types of viral diseases including colds, flu, herpes and shingles!

...YOU CAN eliminate chronic fatigue and the many symptoms of its syndrome!

...YOU CAN eliminate all the symptoms of Candida syndrome!

...YOU CAN kill and eliminate virtually every disease-causing microbe from your body!

YOURS FREE!

Get a bottle of patented, powerful, health-renewing **d-LENOLATE**

ABSOLUTELY FREE!
See page 15 for details.

**Discover How
d-LENOLATE Can Make
Your Dreams of A
Healthier, Happier,
Longer Life Come True!**

Supercharge Your Immune System With Patented *d-LENOLATE™*! You'll Feel So Much More Healthy, Happy and Energized, ...

You Don't Have To Suffer With Health Problems As You Age!

Powerful Natural Extract KILLS Your Bacteria, Viruses and Fungi To Eliminate The Causes of Your Health Problems And Bring You Relief Quickly and Safely!

By Dr. Richard Lyons

If you are age 40 or older, chances are you are now have, or will soon be suffering from, a variety of health problems. Things like ...

- ✗ Fatigue
- ✗ Digestion problems
- ✗ Coughs & Colds
- ✗ Arthritis
- ✗ Depression
- ✗ High Cholesterol
- ✗ Heart Problems
- ✗ Cancer
- ✗ High Blood Pressure
- ✗ Infections

... are all very common among people our age.

Conventional wisdom, and even many doctors would have you believe that these problems are simply the inevitable result of aging. You get older, you get sick, you die -- simple as that.

But I'm sending you this special report to tell you that it doesn't have to be that way!

You Don't Have To Suffer Any More!

Researchers now know that you don't have to endure these and many other health problems just because you're growing in age. Instead, no matter what your age or current health problems, YOU CAN ...

- ✓ Feel and Look **Younger**
- ✓ Be More **Energized**
- ✓ Feel **Happier**
- ✓ Have Increased **Strength**
- ✓ Increase **Mental Sharpness**
- ✓ Be **Healthier** With Virtually No More Colds, Flus or Infections

The reason is an all-natural health breakthrough called *d-LENOLATE™*. This is such an important health discovery that

some are calling it "The Health Breakthrough of the New Millennium." *d-LENOLATE™* is so effective and powerful, it's even been granted a U.S. patent.

And I'm so convinced this health breakthrough will change your life that I want to give you a bottle of *d-LENOLATE™* FREE, with absolutely NO RISK.

I'll tell you more about that later. But, first I want you to understand ...

You Are Fighting For Your Life!

You may not know it, but every single day of your life -- from the day you were born until now -- you have been engaged in a ruthless fight for survival.

I'm not talking about battling with your job, your spouse, your kids or your neighbors. This is a

serious, life-threatening battle that you, alone, are fighting -- cell vs. cell -- within your body.

Your body is constantly being exposed to, and invaded by legions -- billions and billions -- of microscopic marauders called pathogens. These include bacteria, viruses, fungi and parasites. And they'd like nothing more than to set up house in your warm, moist, nutrient-laden body.

You can't get away from these dangerous critters, either. No matter how careful you are, or how diligently you clean, these microbes are hiding out virtually everywhere: on door-

knobs and other surfaces, in the air, in your water, on your food, even on your skin -- just waiting for a chance to get inside your body.

The Real Reason You Have Health Problems

Fortunately, you have the most powerful armor on earth to protect you from these invaders. It's called your immune system.

Your immune system works around the clock to battle these invading microbe armies. In fact, without our incredible immune system, the human race would have become extinct long ago.

Usually your immune system does such a good job fighting off the invading pathogens, you are not even aware of this internal struggle at all. The invaders come, your immune system kills them, and you never know that anything happened at all.

Occasionally, the invaders get the upper hand for a while, and that's when you feel sick. But a strong immune system will quickly recover from the invasion and restore you to good health.

The disease-causing pathogens are ALWAYS around. They have been around your whole life. **Your strong immune system is the reason you have NOT been sick most of your life.**

Your immune system is the only thing in this world that will cure disease. NOT drugs, NOT your doctor, not even herbs. The secret to good health is to find the safest, most natural way to destroy invading pathogens and bolster your immune system so it can truly heal you.

Your "armor" usually prevents the disease from gaining a stronghold in your body, and keeps you from experiencing symptoms of the disease.

But, if your immune system becomes weakened in any way, all hell can break loose.

There's A Crack In Your Armor

The only time you ever get sick is when your immune sys-

Antibiotics can't do it. Creams can't do it. NOTHING else can supercharge your immune system to make you feel healthier!

Only patented
d-LENOLATE™

is clinically proven to safely **ELIMINATE** all these microscopic invaders that make you sick ... with **NO Side-Effects, NO Developed Resistance!**

photo of d-lenolate bottle

Bacteria- KILLED

Fungi - KILLED

Viruses - KILLED

Parasites - KILLED

tem breaks down or is overcome by the billions of microbes it fights every day.

And if you are age 40 or over, chances are your immune system has been weakened significantly by toxins in the environment and overuse of antibiotics.

Once your immune system is weakened, any type of pathogen can gain a foothold in your body. Sometimes it takes days, months or even years for the symptoms to show up. But all the while they're living inside you, the microscopic invaders drain strength and energy from your body and your immune system just waiting for the right time to strike.

You Are Practically Defenseless Without *d-LENOLATE*

The last 100 years have borne the most tremendous advances in medicine of all time. There is no denying that the advent of antibiotics has saved millions of lives by killing invading bacteria so the immune system could recharge.

Unfortunately, we have reached what many call the "post-antibiotic era" where antibiotics can't help you any more. As *Newsweek* magazine recently reported,

"In their eagerness to finish off the old diseases, doctors and patients have, paradoxically, given them new life."

And the Los Angeles Times concurred by reporting:

"Over the last decade, medical scientists have grown increasingly concerned about the emergence of antibiotic resistance as seemingly vanquished microbes have bounded back newly endowed with an ability to fend off the antibiotic drugs that were the glory of 20th

century medicine."

Thanks to the over-use and over-prescription of antibiotics, almost no antibiotics are effective any more. Every time a patient demands, and receives antibiotics for minor viral infections like colds and flu (which antibiotics were NEVER capable of treating), every dose of the drug makes it easier for the invading microbe to develop resistance. Another common

You Don't Need To Suffer Any More!

Studies Show Patented *d-LENOLATE*™ Helps You Heal All These Health Problems!

Only all natural *d-LENOLATE* has the patented olive leaf extract your body can use. It gives you the antibacterial, antiviral, antifungal and antiparasitic power to safely kill disease-causing microbes fast and bolster your immune system to help heal many health problems, including:

- Allergies
- Anxiety
- Arthritis
- Bad breath
- Bloating
- Body aches
- Chest pains
- Colds
- Concentration problems
- Constipation
- Chronic pain
- Dark eye circles
- Depression
- Dry mouth
- Diarrhea
- Digestion problems
- Dizziness
- Ear aches
- Fatigue
- Flu
- Fluid retention
- Food cravings
- Fungus problems
- Hot flashes
- Heartburn
- High cholesterol
- terol
- Hives
- Hyperactivity
- Impotence
- Infections
- Infertility
- Insomnia
- Loss of libido
- Lumps in breast
- Joint problems
- Memory loss
- Menstrual problems
- Muscle weakness & pain
- Nasal congestion
- PMS
- Sexual problems
- Shortness of breath
- Sinus problems
- Skin problems
- Swelling
- Stomach aches
- Weight gain/loss
- Yeast infections

You don't have to suffer with health problems any more. Try patented *d-LENOLATE* today. It's risk-free!

cause of antibiotic resistance occurs when patients do not take their full course of antibiotics because they feel better.

For example, when a strain of the bacteria which causes pneumonia is treated with a dose of antibiotics which is discontinued before it is finished, most of the infecting bacteria die, but some are still alive. Those surviving microbes remain resistant to that antibiotic forever.

And what's worse, they pass this resistance on to their offspring, which can total

16,777,220 in just 24 hours. These new offspring continue the reproductive cycle and soon they are a formidable mass of microbes against which no antibiotic is effective.

The problem with viruses is even more critical. Because viruses are parasites which invade living cells, it is almost impossible to manufacture any type of virucide which will not also kill the human host cell. This is why there are virtually no antiviral medicines produced by pharmaceutical companies. The only chance against viruses is to

hope your own immune system will be strong enough to wipe them out before they get you.

You Could Be A Walking Time Bomb

To illustrate how dangerous and cunning these invading germs can be, consider the case of the virus which causes chicken pox.

To most of us, chicken pox is nothing more than a common childhood disease which makes you itch for a while and then goes away. The problem is, it really never goes away!

Once the symptoms of chicken pox disappear, this "harmless" virus quietly works its way into the depths of your body where it hides among your

- ✓ nervous system
- ✓ lymphatic system
- ✓ connective tissue
- ✓ brain
- ✓ arteries

There it reproduces very slowly waiting for your system to further weaken so it can strike and do the most damage. What started out as a "minor" childhood disease soon causes health problems all over your body.

Consider this common story of an 84 year-old woman who developed shingles after she was in the hospital for a hip operation. Shingles, caused by the same virus that causes chicken pox, is a very painful condition of the nerves that mainly affects

Prevent Blood Clots, Heart Attacks and Strokes!

Keep Your Heart Beating Strong!

"After taking d-LENOLATE for three months, I can chop wood, take long walks, and do chores around the house, when none of those activities could I do before. The heart palpitations, weakness, faintness and shortness of breath always stopped me then. Those symptoms have now gone away!" -- Collin Hargraves, former victim of atrial fibrillation.

Every single day, 1,986 Americans die from heart disease according to the National Center for Health Statistics. Many of these attacks are the direct result of irregular heart beats called atrial fibrillation. If you or someone you love experiences irregular heart beats, you know this is a frightening problem that can have disastrous results.

With atrial fibrillation, the upper and lower chambers of your heart cannot regulate with each other. This results in inefficient pumping causing pools of blood to collect within your heart. When blood sits around, it tends to clot, and it is these very clots which cause deadly heart attacks and strokes.

There are several types of prescription medicines used to regulate heart rhythms, but they often either don't work, or have debilitating side effects. The only other solution to this problem is to have an electronic pacemaker surgically implanted.

Fortunately, there is a much better, safer solution. The patented olive leaf extract in safe, natural d-LENOLATE is proven to help eliminate heart arrhythmias and prevent heart attacks and strokes. Bolster your immune system and prevent deadly heart problems. Try a risk-free supply of d-LENOLATE today!

those over 50 and may last for decades.

She didn't suddenly "catch" shingles at 84 years of age. The virus had been living inside her body, kept in check by her immune system, since she had chicken pox when she was 4 years old.

But when her body and immune system was weakened by the stress of her surgery, the virus erupted as shingles.

And startling new research shows the family of viruses that causes chicken pox and shingles may also cause:

- ✓ Alzheimer's disease
- ✓ heart disease
- ✓ rheumatoid arthritis
- ✓ cancer
- ✓ chronic fatigue syndrome
- ✓ high blood pressure

So if you've ever had chicken pox, this could explain some of the health problems you have now. And it shows why you need to keep your immune system strong and healthy. Otherwise, you could be in for many serious health problems down the road.

You see, sickness is NOT something you need to accept. In fact, sickness is just a symptom of the real problem: that your immune system has malfunctioned.

Make It Through Cold Season Without A Sniffle!

Researchers Prove There IS A Solution For Colds and Flu!

You know the feeling ... headache, stuffy nose, sore throat, sneezing, coughing. When it comes to colds and flu, virtually no one is immune.

- ➔ Studies show that what we refer to as the "common cold" infects 9 out of 10 Americans every year.
- ➔ Once a flu virus breaks out in an area, it will infect one third of the general community, and one half of those in close-quarters, like schools and nursing homes.
- ➔ These common illnesses are responsible for 120 million lost school days and 100 million lost work days each year.

Since both of these nagging illnesses are caused by viruses, conventional wisdom is that there is no cure for them. That's because these viruses are extremely strong. They can survive and remain active for up to three days on any environmental surface. They can withstand extreme temperatures -- as low as minus 200 F. And pharmaceutical antibiotics are totally ineffective against these viruses. Nothing can stop them.

But that's not true any more!

Now, while everyone around you is sneezing, coughing and feeling downright miserable with colds and flu, you can remain healthy and unaffected. Your secret weapon is powerful *d-LENOLATE*. This patented olive leaf formulation is proven to kill the viruses which cause colds and flu. Here's the proof:

Renowned virologist Dr. M.G. Soret from Upjohn Pharmaceutical Company said, "In the search for antiviral drugs, calcium elenolate [the raw material in *d-LENOLATE*] was found to have in vitro activity against a variety of viruses, including several agents of human 'common colds'."

The American Society for Microbiology reported that, "calcium elenolate inactivates all myxoviruses." This means *d-LENOLATE* is effective against ALL the germs that cause the flu.

The Archives of Virology reported that, based on extensive testing, the key ingredient in *d-LENOLATE* is a quick cure for the flu.

Remember, only *d-LENOLATE*'s patented formula delivers olive leaf extract and it's potent ingredient, calcium elenolate, in the form your body can use to keep you free of colds, flu and dozens of other health problems. Try a risk-free sample today!

The key to preventing and eliminating most health problems and sickness clearly lies in killing the invading pathogens and keeping your immune system strong.

Don't Get Stuck With The 6,000-Year-Old "Cure" That Doesn't Quite Work

Among all of the natural trees and plants mankind has used to treat health problems for thousands of years, perhaps none is more famous than the olive tree.

From the earliest days of recorded history, including the Holy Bible, references have been made to the healing properties of the olive tree.

Ancient folk medicines have long included olive oil as the main ingredient. In addition, many studies indicate that consumption of olive oil is the reason Mediterranean people have a significantly lower incidence of heart disease than do Americans.

Between 1827 and 1855, the medical information of the day described a cure for malaria made from olive leaves which has only recently been re-discovered.

In the early 1900's scientists discovered a bitter element in the leaves of olive trees called "oleuropein." Oleuropein was found to be responsible for the disease-resistant properties of olive leaves.

By 1962, researchers found

that oleuropein lowered blood pressure in animals and found it to increase coronary blood flow, restore normal heart rhythms and prevent intestinal muscle spasms.

With all this promise, research began in earnest to isolate the most medically important element of oleuropein. This missing link, called elolenic acid, was discovered by a Dutch researcher.

On the basis of all this history and research, many companies began, and continue to sell olive leaf extract.

There's only one problem:

**Ordinary olive leaf extract
does NOT work in humans
the way it does in the lab.**

The normal processing of olive leaf extract has never, and can not deliver its full healing power to humans.

Upjohn Pharmaceutical Spent Millions of Dollars and Then Gave Up

All this interest in the healing powers of olive leaf extract attracted the attention of pharmaceutical giant, The Upjohn Company. They spent millions of dollars and thousands of man-hours researching olive leaves and elolenic acid to try and produce a new, super-powerful virucide they could patent.

Upjohn's researchers were successful in isolating a brand new salt form of elolenic acid called Calcium elenolate.

***"We continually
hear from patients
about new and
unexpected benefits
... clinical results
are very positive."***

Dr. M. Woods, CA

Results of the tests Upjohn conducted on calcium elenolate were truly impressive.

They found that calcium elenolate from olive leaves is not only a virucide, but it inhibits the growth of every virus, bacterium, fungus, yeast and protozoan that they could find.

And it is extremely safe. Upjohn's extensive studies revealed absolutely no harmful or toxic side-effects or influences on host cells -- even at doses several hundred times higher than recommended.

With all these exciting results, all that stood between Upjohn and perhaps BILLIONS of dollars in profit from olive leaves were human trials. That's when Upjohn discovered that, despite its incredible performance in the test tube, ordinary olive leaf extract DOES NOT WORK nearly as well when ingested in the human body.

After spending another three years directing all their formidable resources to solve the problem, Upjohn simply didn't think their investment would ever pay off, so they gave up on olive leaf

extract and calcium elenolate.

Patented Breakthrough Makes Any Other Olive Leaf Extract Obsolete

While Upjohn made the decision to abandon the calcium elenolate research, another company, East Park Research, was more than willing to pick up where Upjohn left off.

Upjohn researchers had discovered that the secret to the powerful anti-pathogen properties of olive leaves occurred because oleuropein breaks down in your body to become elolenic acid. Elolenic acid targets pathogens and binds itself to receptors on the microbe, just like a key fits into a lock. There it kills the pathogen, or renders it totally harmless.

But what the Upjohn researchers didn't know, and what researchers at East Park discovered, is that elolenic acid comes in two forms that are mirror images of each other. These are called left (l) and right (d) forms.

The l-form of elolenic acid is produced automatically when olive leaves are extracted, and this is what all ordinary forms of olive leaf extract contain.

In test tubes and animals, l-elolenic acid binds to, and kills pathogens to produce the exciting results Upjohn found. But inside the human body, it binds completely to serum protein in the blood before it can even get to any pathogens. This is why

Wipe Out The Virus That Causes Fatigue!

Enjoy More of Life! Feel Vibrant and Energized Again!

If you suffer from regular tiredness and fatigue, fibromyalgia or chronic fatigue syndrome, you are being robbed of much more than just your energy. You are being robbed of good health and a great life!

Often, in addition to feeling tired and lethargic, you will experience any combination of the following health problems:

- Sore throat
- Muscle aches
- Headaches
- Depression
- Insomnia
- Anxiety
- Nausea
- Swollen glands
- Stomach problems
- Cough
- Rash
- Odd skin sensations
- Loss of appetite
- Joint pains
- Recurrent fevers
- Weight loss or gain
- Past history of mononucleosis, herpes or allergies

If you've tried conventional medicine seeking in vain for reliable treatment of these problems, you know that there is none available. Fortunately, while your doctor can not help you, nature can! You can eliminate chronic fatigue and its associated health problems, and enjoy a resurgence of energy with the powerful natural healer, *d-LENOLATE*.

According to Dr. Morton Walker, "almost invariably, someone suffering from chronic fatigue will be infected with a variety of opportunistic microbes." The key to *d-LENOLATE's* ability to help you feel rejuvenated and energized is in its unique, patented power to eliminate the viruses and other pathogens that have overtaken your body.

d-LENOLATE acts fast to get rid of all invading microbes and supercharge your immune system to resist further attacks. Once *d-LENOLATE* does its work, your energy and health will be quickly and amazingly restored. Feel the difference *d-LENOLATE* can make in your life. Place your risk-free trial order today!

the test results could not be duplicated in human trials.

On the other hand, East Park Researchers discovered that the d-form of elolenic acid is NOT distracted by proteins in your body at all. D-form elolenic acid interacts directly and immediately with the pathogens. When the

d-elolenic acid "key" enters the pathogen receptor or "lock", the pathogen is inhibited or totally destroyed.

The problem is that d-elolenic acid is much harder to isolate and produce. After years of testing and research, East Park Research was successful in

doing what Upjohn could not. They developed and patented the method for extracting only the powerful d-elolenic acid from olive leaves. The resulting product is *d-LENOLATE*.

East Park Research's *d-LENOLATE* is the ONLY olive leaf extract that provides the powerful anti-pathogen d-form of elolenic acid that can help you beat your health problems once and for all.

Patented *d-LENOLATE* is the ONLY truly therapeutic form of olive leaf extract you can buy.

Don't be fooled. No other olive leaf extract has East Park's patent, so no other olive leaf extract can kill the germs in your body. They can only

contain the totally ineffective l-form of elolenic acid which rapidly binds to serum proteins in the blood and is virtually useless for killing pathogens.

Only *d-LENOLATE* Works To Strengthen Your Immune System and Help You Beat Health Problems FAST!

As you can see, while it won't hurt you, the ordinary olive leaf extract everyone else sells is NOT patented *d-LENOLATE*. It is NOT going to give you the healing benefits identified in all of the tests.

Only *d-LENOLATE* is proven to safely rid you of disease-causing bacteria, viruses, fungi, yeasts and parasites.

Biochemists have determined

"It has power, particularly against viruses that are more tenacious! It fills a hole that we haven't been able to fill before. It gives us a new effective tool."

-- L.W., AZ Biochemist

that *d-LENOLATE* has multiple iridoids which work together synergistically to kill virtually every virus, bacteria, fungus, yeast and parasite that enters your body.

In fact, studies show that *d-LENOLATE* works in 5 specific ways to kill harmful microbes in

Control Your Cholesterol and Clean Your Arteries the Safe, Drug-Free Way!

Reduce Your Risk of Heart Disease and Death!

By now, everyone knows that high levels of cholesterol contribute to heart and coronary artery disease. And if modifying your diet doesn't bring results, your doctor will more than likely prescribe cholesterol-lowering drugs to solve the problem.

However, aside from being extremely expensive, these drugs can result in serious side-effects. In fact, most people taking them must undergo regular blood tests to make sure their liver is not being damaged too much.

But now scientists know that there is a 100% safe and natural way to prevent heart disease and hardening of the arteries caused by cholesterol. That solution is *d-LENOLATE*.

A study conducted at the University of Milan's Institute of Pharmacological Sciences shows that oleuropein [the

natural component of olive leaves] interferes with the process that causes cholesterol to result in hardening of the arteries. The study summarizes by saying, "There is a direct therapeutic connection between the use of olive leaf extract and the prevention of peripheral vascular disease and coronary artery disease affecting the heart."

Of course, ordinary olive leaf extract is rendered virtually useless in the body because it binds with proteins. Only *d-LENOLATE*'s patented process prevents this binding and delivers the full power of olive leaf extract for your best health. Feel the difference *d-LENOLATE* can make in your life. Try a supply under our risk-free, money-back guarantee today!

your body and help restore you to optimum health:

1. ***d-LENOLATE* KILLS INVADERS** by interfering with the production of certain amino acids viruses and bacteria need to live. It actually rips the skin off of disease causing bugs to kill them dead.
2. ***d-LENOLATE* PREVENTS PATHOGENS AND INFECTIONS FROM SPREADING** by preventing virus shedding, budding or assembly at the cell membrane.
3. ***d-LENOLATE* PREVENTS MICROBE REPRODUCTION** by penetrating directly into the infected host cells and preventing them from replicating the microbe.
4. ***d-LENOLATE* PROTECTS YOUR HEALTHY CELLS** by preventing the microbe from producing the two enzymes (reverse transcriptase and protease) essential for altering the RNA of your healthy cells.
5. ***d-LENOLATE* SUPERCHARGES YOUR IMMUNE SYSTEM** by directly stimulating the phagocytes in your immune system to attack all foreign invaders.

Because *d-LENOLATE* is a totally natural substance, it is much more complex and power-

The Natural "Antibiotic"
That NEVER Loses Its Power!

Feel Better
FAST!
Eliminate
Virtually Any
Infection Without Drugs!

Chances are better than ever that if you have even a "common" bacterial infection (ear, nose, throat), the antibiotic your doctor prescribes will not be able to eliminate the infection. And if you have a more serious problem, the odds are even worse.

Through overuse and misuse of antibiotics, more and more bacteria have developed a resistance which renders them virtually unstoppable. Some strains of diseases like syphilis, meningitis and strep which were once easily cured with antibiotics have developed disease-resistant strains. And other diseases which we once thought were "wiped out", like tuberculosis, have returned with a fury due to resistance to antibiotics.

For a while, scientists were able to keep pace with the increasingly resistant bacteria by developing newer and more powerful antibiotics. But there hasn't been a newly introduced antibiotic for quite some time now, and there seems to be no end in site for the progression of disease.

Fortunately, researchers have discovered one particular form of natural olive leaf extract that safely kills not only bacteria, but also viruses and fungi that antibiotics could never affect in the first place. This extract is so unique, precise and effective that it's patented ... and it's called *d-LENOLATE*.

Many studies have proven that olive leaf extract can control and even eradicate virtually all microbes -- even tough infections which do not respond to any antibiotic. Studies by The Upjohn Company confirm that the patented natural ingredients in *d-LENOLATE* are effective against a minimum of 56 disease-causing organisms, including the following bacteria, viruses, fungi, yeasts and protozoa:

| | | |
|----------------------|------------------------|------------------------|
| Herpes | Enterobacteraerogenes | Bacillus subtilis |
| Influenza A | Escherichia coli | E. cloacae |
| Influenza B | Pseudomonas fluo- | Salmonella typhimuri- |
| Vaccinia | rescens | um |
| Newcastle disease | Virax | Erwinia carotovora |
| Coxsackie A 21 | Reovirus | Malariae |
| Encephalomyocarditis | Maloney murine | Candida |
| Polio 1, 2 and 3 | leukemia | Pediococcus cerevisiae |
| Vesicular Stomitis | Pediococcus cerevisiae | Saccharomyces rosei |
| Sindbis | 39 | P. Solanacearum |
| Parainfluenza | Staphylococcus aureus | L. brevis |

Protect yourself and your loved ones by bolstering your immune system and eliminating pathogens nothing else can kill. Try *d-LENOLATE* today!

If you suffer from a variety of health problems, this could be the culprit!

Wipe Out Candida and Eliminate Dozens of Nagging Health Problems!

Of all the pathogens that plague humans, one of the most troublesome and least understood may be the single cell fungi called Candida. The Centers for Disease Control estimates that by six months of age 90% of all babies are infected with Candida. By adulthood, it's nearly 100%.

The problem is that candida infection manifests itself with a wide variety of symptoms, including: fatigue, lethargy, depression, headaches, aches, joint pain, constipation, gas, vaginal burning, anxiety, infertility, PMS, insomnia, allergies, sinusitis, recurring yeast infections in women frequent colds & flu and much more.

If you suffer from any of these problems, candida is likely the culprit. The problem is that most doctors don't treat candida, they try to alleviate the specific symptoms. Or if they do recognize candida as the problem, they'll give

you a prescription for Nystatin, which in double-blind tests was proven no more effective than placebo at ending candida and its associated health problems.

The good news is that in double-blind, randomized tests, *d-LENOLATE* is proven to improve overall health by greater than 50% with no side-effects.

Many women credit the elimination of chronic yeast infection to taking *d-LENOLATE*. In Budapest, Hungary, a clinic treating female cancer reports that their best results are achieved by first eliminating candida with *d-LENOLATE*, and then the immune system is more free to heal the cancer!

Get relief for yourself without any risk. Try *d-LENOLATE* today!

ful against disease than man-made antibiotics, which are only effective against very few bacteria, and no viruses or fungi at all.

And *d-LENOLATE*'s natural flavinoids and esters create a structural fortress which microorganisms can not develop a resistance to. This means you never have to worry about creating "superbugs" which build up a resistance to *d-LENOLATE* the way they do to antibiotics.

The bottom line is that when you eliminate the disease-causing microorganisms from your body and supercharge your immune system at the same time ...

You Can Feel Healthier and More Alive Than You Have In Decades!

Now, for the first time ever, the scientists at East Park Research have developed the only truly therapeutic olive leaf extract for humans.

Only *d-LENOLATE* gives you the complete, unique, powerful combination of natural pathogen killers and immune system boosters based on the newest patented research breakthrough. Each easy-to-swallow *d-LENOLATE* tablet contains the precise therapeutic amount of delolenic acid you need to safely neutralize or kill the widest spectrum of microbes possible. Patented *d-LENOLATE* helps you live virtually free of health problems because it ...

- ✓ **KILLS BACTERIA** - which cause ear infections, sinusitis, strep throat, pneumo-

nia, tuberculosis, staph infections, and more!

- ✓ **KILLS VIRUSES** -- which cause colds, flu, chicken pox, shingles, arthritis, herpes and more!
- ✓ **KILLS FUNGI** -- which cause athlete's foot, ringworm, vaginal yeast infections, candida and more!
- ✓ **KILLS PARASITES** -- which cause malaria, lyme disease, ringworm, encephalitis and more!

Killing these invaders helps you strengthen your immune system and overcome virtually every health problem you could face.

Plus ... scientific studies prove that *d-LENOLATE* fights heart disease, high blood pressure, high cholesterol and more!

Feel Healthier, Live Longer With The Most Important Weapon For Your Health Ever Developed!

Faced with continued development of antibiotic-resistant diseases and wide-spread viral outbreaks, you can see why patented *d-LENOLATE* may be the most powerful and important weapon against microscopic pathogens, germs and health problems ever developed!

Plus, this all-natural extract is proven to be 100% safe, and affordable ... and it's available to help you feel better and add years to your life right now without any doctor and without any prescription.

You Don't Have To Suffer With Health Problems As You Age!

The breakthrough discovery of patented *d-LENOLATE* means your whole life can change.

You don't have to suffer with health problems. You don't have to accept pain and illness as you age. You don't have to worry about drugs and side effects. You don't have to cut back on the things you enjoy because of illness or fatigue.

- ✓ You can **beat and prevent** health prob-

lems.

- ✓ You can have **normal** heart rhythm, cholesterol and blood pressure.
- ✓ You can be **active and energized without fatigue**.
- ✓ You can **do whatever you want** without

becoming breathless.

- ✓ You can **end** recurrent infections, colds and flu.
- ✓ You can safely eliminate disease-causing microbes and be **free** of many diseases.

You've already taken the first step towards a healthier, happier

Live Longer! Live Healthier!

Lower Your Blood Pressure Without Dangerous Drugs!

High blood pressure can kill you. According to the American Heart Association, *nearly 70% of all Americans have evidence of heart problems, including high blood pressure*. This causes more than 1 million deaths every year, making heart disease America's number one killer.

Unfortunately, the prescription drugs doctors use to help control this deadly killer often cause serious side-effects, including dizziness, nausea, lightheadedness, headaches and more. The result is that many people either suffer with these side-effects, or worse, stop taking their medicine altogether. But there's a better choice!

In addition to killing disease-causing pathogens, the patented olive leaf extract in *d-LENOLATE* is proven to help normalize blood pressure safely, naturally and without side-effects. For example:

In extensive testing at the Department of Experimental and Clinical Pharmacology of the Postgraduate Medical Institute in Sofia, Bulgaria, olive leaf extract has been shown to reduce elevated blood pressure by 33% to 68%.

Experimenters at the School of Pharmacy of the University of Granada in Spain showed that olive leaf extract lowers blood pressure by gently relaxing and opening blood vessels.

Doctors Petkov and Manolov conducted studies which prove that components of olive leaf extract correct irregular heart beats and improve coronary blood flow to lower blood pressure.

Only *d-LENOLATE* ensures you get all the health benefits of olive leaves because only *d-LENOLATE*'s patented formula provides olive leaf in the one form your body can fully use. Don't risk your health or dangerous side-effects, try a risk-free supply of *d-LENOLATE* today!

life by reading this report. Now all you need to do is respond.

Let d-LENOLATE Help You Like It Helps So Many Others!

Just a Few Examples of What d-LENOLATE Has Done

QUITE IMPRESSIVE

"Some patients have told me that d-LENOLATE took down their dental infections in a matter of hours. The response is quite impressive." -- Dr. B.C., NY

BEAT THE FLU AMAZINGLY FAST

"My husband had the flu, which was settling in his chest with a tight, persistent cough, which kept getting worse. I was quite concerned and asked him to try the d-LENOLATE capsules. He took two before he went to bed last night and has taken two with each meal today. His head is almost completely cleared up and his chest as well with just a slight cough once in a while. I was amazed that anything could work that fast." -- D.W., PA

A GIFT FROM GOD

"I was so tired I could only work 15 hours a week. I needed a nap every day by 2:00 and my muscles ached. A doctor finally diagnosed me with chronic fatigue syndrome. He wanted to put me on Prozac. I refused. That's when my friend told me about d-LENOLATE. By the second day I felt like a new person. My muscle aches disappeared, I had new energy and my mind was clear. d-LENOLATE is truly a gift from God for me." -- D.J., CA

INFECTIONS ELIMINATED

"For years I've had chronic bladder infections. I've prayed for a natural therapy that would prevent these infections. I have finally found it, it's d-LENOLATE from East Park Research." -- R.D., OH

WORKS WHEN DRUGS CAN'T

"I have had a recurring scalp infection that modern medical doctors and dermatologists have been unable to eradicate. The results I have gotten from using d-LENOLATE have been significant because, no matter what drug therapy my doctors have prescribed in the past, none has provided me with the level of relief I am currently experiencing." -- S.R., VT

ASTOUNDING ENERGY

"I became ill with a stomach and prostate infection. I began taking d-LENOLATE and my overall health has greatly improved and so has my energy and disposition." -- R.F., UT

FELL BETTER THAN HAS IN YEARS

"After 1 1/2 weeks taking d-LENOLATE, I saw an improvement in my energy level, I lost 15 pounds, and my blood pressure is the lowest it has been in years. I feel the best I have felt in years!" -- K.H., SC

A REAL LIFE SAVER

"We think d-LENOLATE saved my wife's life, and we spread the word. Thanks for a great product that is light years ahead of the penicillin and streptomycin antibiotics that most people cannot even buy ... " -- R.H., IL
