Dear Reader,

I do NOT want you to send me one dime. So leave your check book in the drawer. And keep your credit cards in your wallet.

I want to send you a valuable, life-changing report ... FREE ... with NO cost or obligation at all!

This report, called "*Towards a New Financial Independence*", may be the most powerful information you will ever read. And all you have to do to have it rushed FREE to your door is return the enclosed Reply Form within the next 10 days.

In your free report you will discover dozens of proven, "money-finding" secrets that you can use to put thousands of dollars in your pockets almost immediately! For example:

- ✓ 13 places to find extra money that you didn't know you have.

over, please ...

- ✓ How your credit cards can MAKE YOU MONEY!
- ✓ 17 little-known ways to pay less taxes ... and save \$2,000.00 to \$10,000.00 a year legally!
- ✓ Other People's Money (OPM) -- How to cash in big without touching your own money!
- ✓ Many more proven "money finding" ideas and strategies.

I know these money secrets will start you towards being financially free, because I've seen them do just that for hundreds of others.

In fact, these are the exact techniques that gave me the starting money to go from being flat broke to the multi-millionaire that I am today.

Now YOU can become wealthy!

The great news is that starting with your free report, you will be on the road to wealth and financial freedom ... regardless of your current circumstances!

Great news! →

How much money you make ... **DOES NOT MATTER!**

How much education you have ... **DOES NOT MATTER!**

The kind of job you have ... **DOES NOT MATTER!**

When it comes to becoming rich and financially independent, NONE of these things make any difference at all!

Want proof? Just look around you.

- ✓ You've seen people in all walks of life -- from minimum wage laborers to professionals -- who can barely pay their bills ...

... so if you've been hoping and praying for a raise -- that won't bring you any closer to financial freedom.

“I tripled my net worth in less than three years thanks to your course.” -- J.B., Newmarket, IA

- ✓ I know both lawyers and waitresses who are hopelessly in debt ...

... so a more lucrative career is not the answer to ending your money worries.

- ✓ Everyone from computer engineers to accountants longs for a better life for their families ...

... so if you've thought about going back to school -- that's no guarantee of wealth.

Fortunately, there is one thing that can make you financially free ...

You need to know these proven money secrets that average people used to become rich!

Although I don't know you personally, I know through my own experience, and by helping thousands of people just like you become financially independent, there is only one reason why you are not rich right now: **No one has taught you these money secrets yet.**

You see, people who are financially independent have a totally different way of looking at money.

Take away every cent from a wealthy person, and I guarantee they will become rich again. How? Because they know the secrets to getting money and making it multiply.

They understand the power that comes from knowing how to control money ... instead of letting money control them.

They know how rake in profits by putting other people's money to work.

They know the best investments to make ... and the ones to avoid.

Now the good news is ...

**You can learn these secrets and
become rich just like I did!**

Many people worry or are concerned about money because they don't believe they have what it takes to become wealthy. **NOTHING COULD BE FURTHER FROM THE TRUTH!**

To become wealthy, you do NOT need to be extremely lucky or a risk taker. You do NOT need to get involved in get-rich-quick schemes or multi-level marketing. Nor is wealth limited only to those few who have the natural "knack" for it.

Becoming rich is a skill. And like any other skill, it can be taught and learned.

I'm living proof. I didn't just wake up one day and find a million dollars in my bank account. I worked ... and learned ... the hard way. I carefully studied and followed every move of the most successful, self-made people I could find.

I discovered that there is a whole variety of money secrets the wealthy use to make huge profits simply ... amazing, profitable techniques that can soon have your bank account overflowing with cash.

"But does it work?", you ask. Well, within ten years, these money secrets made me a millionaire several times over ... starting with nothing!

**Now I want to teach you everything about
becoming rich ... the easy, safe, step-by-step way.**

I've combined all the money secrets into a simple-to-learn wealth-building course called "*Easy Steps to Your Financial Freedom.*"

Starting with your free first lesson, which is the first of 17, I will reveal every tip and technique you need to find money, invest wisely and build steady wealth.

**“I made more money from Mike Lombardi’s course

In fact, you will be armed with an entire arsenal of money-making "weapons" at your disposal for the rest of your life. You choose the ones you feel most comfortable with, or the ones that fit your circumstances best.
