**G**uests on ABC News aren’t prone to hyperbole. That’s why it was shocking when ABC’s “Nightline” interviewed an expert about an herb and he said: *“you give this to men with low libido ... and it’s Chinese New Year’s Fireworks in their pants. It works.”*

CNN called this expert “The Indiana Jones of Natural Medicine”. Chris Kilham is the author of 14 books and has traveled to 45 countries to research natural cures that work. Kilham has taught Ethnobotany (the scientific use of plants for medicinal use) at the University of Massachusetts.

This breakthrough erection-restoring herb discovered by Chris Kilham began

a collaboration between Massachusetts Institute of Technology (MIT) and the University of Malaysia. It has even been granted a Patent by the U.S. Government and other nations around the world.

I’ll tell you about this proven “erection saver” in a moment, but first, I want to acknowledge why I’m so excited to introduce you to Eurycoma Longfoma/ Tonkat Ali (trademarked LJ100). It has 13 human clinical trials on

## The Missing Link Found And Fixed — Why Testosterone and Nitric Oxide or Drugs Are Not Enough

Leading experts, including Dr. Steven Lamm, Medical Director of the Tisch Center on Men's Health at the NYU Langone Medical Center, now agree these hormones and chemicals found naturally in the body do NOT give men nearly enough power for truly great erections and sexual performance. They are only a base, only a beginning, like a bandaid on a cut.

- **you need much more than just higher Testosterone**
- **you need much more than just higher Nitric Oxide**

Now don't get me wrong. Testosterone and Nitric Oxide are great, and you need more of them as you get older and your levels naturally fall about two percent per year beginning around age 30. But they are not nearly enough for sexual desire and steel-hard erections that last long. They only go so far.

They only scratch the surface of the extra nutrients you need to get horny, get hard, stay hard, and have an orgasm.

You see, Testosterone, Nitric Oxide and drugs are only effective at giving you an erection but not sexual desire or staying

hard for a long time ... and they are NOT very effective at helping you HAVE an orgasm or MULTIPLE orgasms in the same session.

That's why if you only take replacement therapy or a supplement for Testosterone or Nitric Oxide, or a drug, you are missing out. **It's like you are using old, outdated technology.** You are NOT getting the full erection and sexual support every man over fifty (and even some men in their forties) want and that makes it possible to have a truly remarkable sex life.

This is why the Biocentric

Health Research Team, developed Androx with LJ100™, and 55,367 smart men rely on it. **In our opinion Androx with LJ100™ is a quantum leap over any other supplement available today. But no need to take my word. Read on and I promise you won't be disappointed.**

It includes a nutrient so unique (LJ100) it has been awarded U.S. Patent #7,132,117. You've NEVER heard about or tried ANYTHING like it before, because there is nothing else like it.

## Today's **Erection Crisis**

Today, up to 74% of mature men can't get hard or stay hard long enough.

Erection problems are growing like wildfire... it's a crisis... a trend nobody wants to talk about... 170 million more men will suffer from ED by the year 2025 according to a study by The New England Research Institutes. Consumer Health Digest reports a near TRIPLE in the rate since 1997.

What's causing it? Today's higher levels of stress, processed foods, financial pressure, retirement worries, toxins, pollution, body weight, medications and higher blood pressure.

**What's the solution?** Thanks to researchers at MIT, you can now have erections the way they used to be.

And with NO prescription drugs. 55,367 smart men have already discovered the secret... all-natural ANDROX.

**A** BC NEWS “Nightline”, a few years back did a report on this LJ100. Chris Killam “aka” “The Medicine Hunter” said, “you give this to men with low libido ... and it’s Chinese New Year’s Fireworks in their pants. It works.”

your body to produce its own testosterone, thereby boosting sexual desire and function. But it also does a lot more for you.

Erections begin with sexual stimulus, resulting in the release of nitric oxide (NO), which increases cGMP. One study showed that LJ100 supplementation increased cGMP four-fold.

So it increases your Testosterone and Nitric Oxide, but that's only the beginning. You need much more to have the best possible erections and sex life, and that's why LJ100 also greatly increases ATP production, or adenosine triphosphate the basic unit of energy in the body giving us men the energy we need to perform sexually.

# Here's Even More Iron-Clad Proof This "Erection Lifesaver" Works Great

In another study conducted by Dr. Udai, 30 men received either a placebo or LJ100, an essential ingredient in Androx with LJ100™. The placebo group showed no significant change, but the LJ100 group showed significant improvement:

- in the ability to insert the entire shaft into the partner's vagina,
- the overall satisfaction with the sexual experience, and
- the overall score for the erection satisfaction

Men also noted a significant decrease in time until their erection was hard enough for penetration. How was this accomplished? **LJ100 increased blood flow to the penis allowing the penis for maximum erection length and hardness.**

Doctors and researchers

refer to this as vasodilation.

I'll end with one last study: Dr. Jay Udai conducted a trial on 30 healthy men at Staywell Research clinical research on the effectiveness of the Malaysian ginseng and LJ100. The results after 12 weeks were stunning:

And Let The Sexual Magic Happen Easier And More Often!

“Testosterone is not just a sex booster for men. Women also produce testosterone, about 5%-10% of that produced in men. In women, this vital hormone fans the flame of ardor and increases sensitivity in the erogenous zones.”

—Chris Kilhan, Ethnobotanist and “The Medicine Hunter”

In today’s busy and stressful world, many mature women become too tired or too stressed to feel aroused and want sex. Androx with LJ100™ helps change this dramatically. It gives women a natural surge of energy and sexual desire.

How? It inhibits globulin for more free testosterone in the blood, and converts pregnenolone to pheromones.

Dr. Johari Saad, who is called by many The King Of Tongkat Ali, reports it significantly boosts sex drive and function in women by building testosterone. Yes, women also produce testosterone, about 5 – 10% the amount produced in men. In women, this vital hormone also fans the flames of ardor, and increases sensitivity in the erogenous zones.

## **CORDYCEPS** 2,000 Years Of Strong Sexual Desire!

This rare mushroom has been used for over 2,000 years by Chinese doctors to treat male impotence and other types of sexual dysfunction.

Modern-day research suggests **Cordyceps affects sexual drive and functions either via sex hormone system or by directly acting on the sexual center of the brain and sexual organs.** In human trials involving people with decreased libido, Cordyceps supplementation was associated with a improvement in sex drive. In effect, Cordyceps transforms increasing sexual thought into sex drive most notably in one study published by *“The Journal Of Alternative And Complimentary Medicine”* a 66% boost in sex drive.

**Potent impotence remedy:**  
*In yet another study, 22 impotent men took Cordyceps. The results? 33% were able*

*to have intercourse and more than 50 percent experienced improvements!\**

Now you will have stronger sexual desire — and more sex drive in bed. And, like LJ100™, Cordyceps works for the woman in your life as well.

Men taking Androx with LJ100™ also depend on it for something else every man needs for great sex (Hint: Let’s ask the Italians)...

## **HORNY GOAT WEED** The Secret Of Great Italian Lovers!

For more than 2,000 years, doctors have used horny goat weed to help men improve erectile function\* and achieve maximum hardness and staying power. And that’s why it’s a key ingredient in Androx with LJ100™.

Italian men are known to be great lovers. A study conducted by the researchers from the University of Milan (Italy) shows this herb contains phytochemicals that block the

erection-inhibiting enzyme phosphodiesterase type 5 (PDE5) which restricts blood flow around the body.

Italian researchers studied herbal extracts that are traditionally used for male impotence. Each of these was exposed to an enzyme that controls blood flow to the penis and results in an erection. Out of all the herbal extracts tested, horny goat weed was hailed as “the most potent one”!

However, the clinical effect of a PDE5 inhibitor requires at least a minimal nitric oxide (NO) signal triggered by sexual stimulation. Studies conducted by researchers from the *Andrology Center of Peking University* have shown the Horny Goat Weed also increases the levels of NO.

Overall, the research on **Horny Goat Weed shows it helps relax the smooth muscles of your penis, permitting more blood to enter and creating harder erections.\***

No matter your age, Androx with LJ100™ will help make you harder — without doctors or prescriptions — and that means more sexual pleasure and more

## **TRIBULUS TERRESTRIS** The Strength Secret For Olympian Sex!

This is an herbal plant native to Bulgaria and China with a long history as a natural aphrodisiac and treatment for male potency. It has also been used by world champion athletes to supercharge their strength and stamina.

Experimental research suggests that Tribulus terrestris possesses aphrodisiac activity and raises levels of testosterone, dehydroepiandrosterone, and nitric oxide levels. This trio is what your body has been calling out for, saying, “help me recharge my batteries.”

DHEA is the other key male sex hormone you need for great sex. Without enough DHEA, your sex drive plummets and your sexual performance suffers. Researchers and scientists believe DHEA helps enhance your sexual stamina and performance. These findings support that the purposefully-formulated **Androx with LJ100™ helps you achieve erections, maintain them and see them through to satisfaction and ultimate orgasms.**

In addition, Androx with LJ100™ also contains Pregnenolone which has been shown reduce cortisol, the stress hormone and enhance DHEA levels — factors essential for healthy libido, ability to achieve and maintain an erection and overall performance. # Sex Before and After Taking Androx with LJ100™

**BEFORE** You and your partner are about to share an intimate moment... and just when she's reached a fever pitch and is ready for you... you are NOT ready.

It's embarrassing. It's humiliating. It's demoralizing.

If you're over 50 it's probably happened to you at least once, maybe even more. If you're over 60, it could be happening frequently. Our bodies change so maybe you've been told it's just a consequence of getting older and that there are "other" ways to experience intimacy.

Maybe you've decided you'll have to learn to live with it. Maybe you've tried the prescriptions like the "blue bullet" but didn't like the risks (blindness) or side effects (severe headaches).

The good news is that it's not inevitable... but performance issues in the bedroom can be deadly to our self esteem and happiness.

**AFTER** Now picture this... Your same great lady, same situation... only this time when she's ready to go... **SO ARE YOU** because you have been taking ANDROX with LJ100™. Not only that, but you're bigger, firmer and longer lasting than you've been in years. Then in just a few minutes, you're up and ready to perform again—leaving her breathless with shock and awe! ## Your Lady Will Brag To Her Girlfriends About You Because Your New Erection Power Will Be So Strong

Girlfriends like to talk about their men. Especially when something is new, gossipy or tantalizing. And your special lady won't be able to contain her excitement in telling her friends about how you perform in bed now!

Now you can regain the youthful rock-hard erections you thought

were in your past. Imagine being so hard, for so long, you won't believe it at first—and neither will she!

Imagine how great you'll feel when the topic of sex comes up and your wife says with a big grin: **"He is incredible. He satisfies me every time and I can't seem to get enough of him."**
