President, International Academy of
Anti-Aging Medicine

Over 15 Million People Helped!

Over 15 million people have been helped by taking oral enzymes. These "spark plugs" of the body ignite chemical transformations that kick your body into gear, turn nutrients into energy and govern many life processes.

This book explains, in easy-to-understand language, the immense benefits of taking oral

enzymes daily. Find out how enzymes can improve your digestion, ease sore muscles and chronic joint pain, plus speed recovery from wounds and injuries.

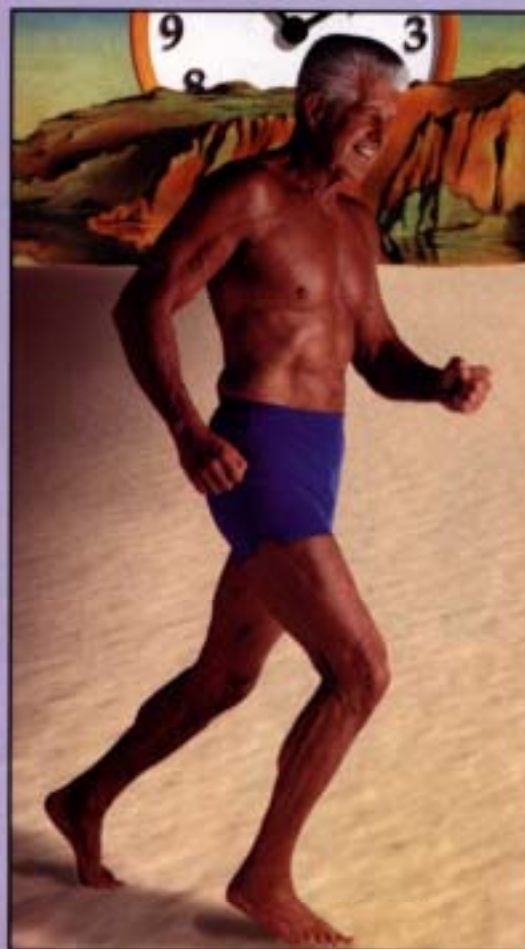

Research shows that taking oral enzymes daily prevents many symptoms of aging, and helps you live a happier, healthier and longer life.

Enzymes Are The Natural Healers That Mean The Difference Between Good Health ... Or DEATH!

Scientists and researchers have proven ... By replacing the 50% you are missing, you can help your immune system overcome most of your health problems and live longer. If you don't replace them, you will wither, age and die younger than you should!

WITHOUT ENZYMES

WITH ENZYMES

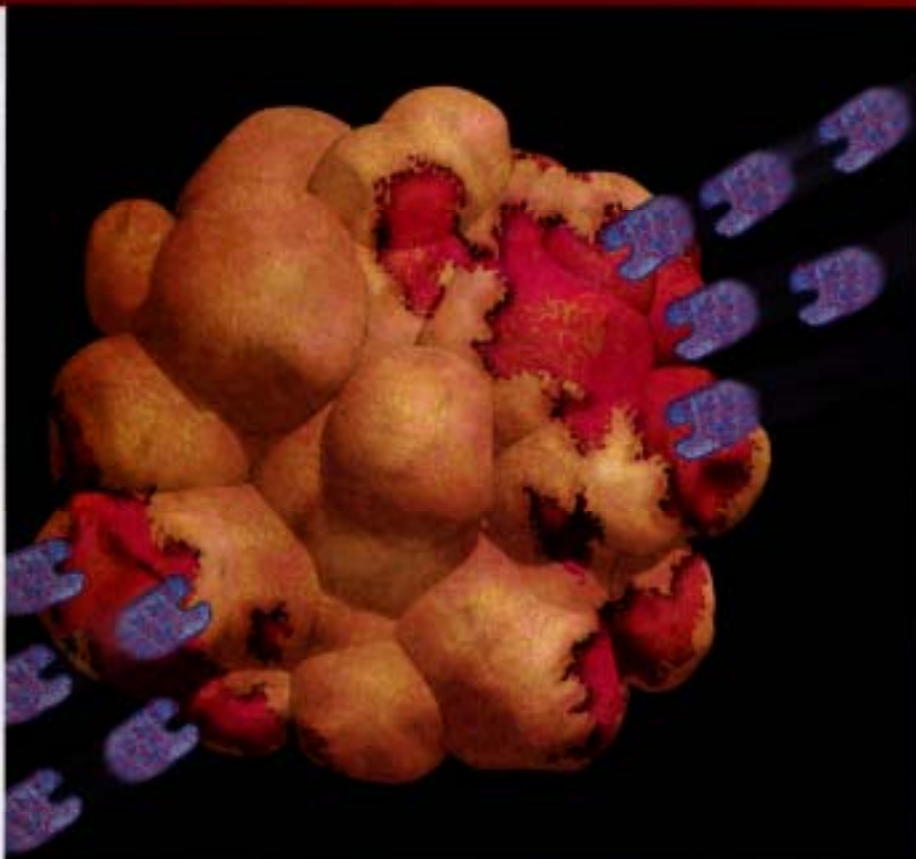

Everything Your Body Does Requires Enzymes. Without The Right Amount, You Will Deteriorate Piece By Piece!

Scientists Prove Replacing Your Lost Enzymes Is The Key To Good Health And Long Life!

Enzymes are the chemical building blocks of your body. Every chemical reaction requires enzymes. Your organs require enzymes to function properly. They are truly your fountain of life. And your body relies 100% on enzymes to fight off carcinogens, viruses and bacteria. Without them, you would quickly die.

If you are 60 or older, a full 50% of your enzymes are gone, and it's no wonder if you are sick or have health problems. The only way to stop this downward spiral is to replace them with an enzyme supplement.

Right now, there are 100 to 10,000 abnormal cells in your

Enzyme-stimulated antibodies strip the shield off abnormal cells so your immune system can destroy them.

"I was not expected to recover from colon cancer surgery. But after the

surgery I began taking Medi-Zyme N. After 15 months I am in excellent shape. I can eat well. My digestion has improved 100%, and I have very little pain. I'm 85 and believe everyone should try Medi-Zyme N."

— R.L. Hancox, California

body that are trying to destroy your health. And they will... unless they are destroyed first by the enzyme-stimulated antibodies in your body designed to fight them off.

The bad news is that scientists have confirmed beyond a shadow of a doubt that the older you get, the less enzymes and antibodies you have in your body to fight off these abnormal cells. Which means you will become sicker, weaker and less energetic.

Enzyme replacement has caused a wave of excitement

around the world. By taking enzyme supplements, you can restore your immune system to its youthful state so it will have the power to fight off these abnormal cells and keep you healthy and strong.

A prominent medical school professor and immunologist, Dr. Michael Williams, found that a strong immune system with all its enzymes will create the antibodies needed to destroy abnormal cells.

But if your immune system weakens sufficiently, these abnormal cells attach themselves to various

European scientists have known for years that the key to good health is replacing enzymes. American researchers have finally caught up with this groundbreaking discovery. Now an enzyme replacement is available for you.

organs and build a covering of fibrin so antibodies can't find them. That's how your health problems start.

Once your immune system is down due to lack of enzymes, your body is open to sickness and disease.

There Is Only One Way To Replace Lost Enzymes!

Food alone will not do it. Most enzymes are cooked out of your food. If you are like most people, you do not get nearly the amount of extra enzymes you need to stay healthy.

Research at hundreds of top medical centers around the world has proven that by taking oral enzyme supplements you can help prevent or alleviate the majority of your ailments.

Doctors In Europe And Japan Have Used Enzymes To Heal Patients For Decades!

While American scientists have been spending much of

their time over the past decade doing extensive genetic research, scientists in Europe and Japan have been focusing on enzyme research with astounding results. Over 15 million people in Europe and Japan have used enzyme supplements with great improvement in their health. Because enzymes are a natural food, not a drug, there are no side effects.

Serious enzyme study began when Dr. Ernst Freund noticed that the blood of healthy people contained a substance which is capable of attacking and destroying damaged, abnormal cell growths. (In cancer patients this substance was absent). Dr. Wolf, who was familiar with Freund's studies, suspected that the common connection might be enzymes. When he tested their blood, he found that they in fact lacked three vital enzymes.

Researchers recently found that two of these enzymes destroy blood clots. They also found that the other breaks down fibrin, a

coating that grows on abnormal cells. Once this coating is removed, the growth will disappear.

Dr. A.E. Leskovar reported that enzyme supplements increase the activity of macrophages (which break down fibrin shields) by 700% and that of natural killer cells by 1,300% in a short period of time. That's why people with healthy immune systems do not get abnormal growths.

Enzymes Shown To Battle Cancer And Extend Life!

Dr. Chin Po Kim, a respected scientist and immunologist, cited a 23% overall mortality rate in patients with growths who took enzymes. This is about the same result achieved by chemotherapy—but without the painful side effects. Also, several studies conducted in Europe showed that oral enzymes taken with chemotherapy improved the success rate and reduced side effects significantly.

Leading Doctors And Scientists Recommend Medi-Zyme N For Your Health Problems.

Dr. Hans Kugler, a best-selling author and editor of *Preventive Medicine Update*, says: "Earlier in medical history, doctors knew some of the importance of enzymes in bodily functions but didn't believe the body could absorb them. The crude testing techniques of the time misled them. With today's technology, tests show that enzymes can be absorbed orally, and that they can prevent and relieve many afflictions. I highly recommend *Medi-Zyme N*."

Douglas Hunt, M.D., a specialist in nutrition and best-selling author, says: "There are so many reasons to take enzymes on a regular basis, but especially because they can interfere with the progression of old age and diseases. I highly recommend *Medi-Zyme N* to enhance the quality of your cardiovascular system, your mobility and even the way you look."

Dr. Philip Stavish, M.D., says: "There are so many benefits you can gain from *Medi-Zyme N*. I highly recommend taking this formula on a daily basis. *Medi-Zyme N* has amazing abilities: They not only help you absorb food better—an often forgotten but vital key to health—they also help keep the sticky factors out of your blood and discomfort out of your joints."

Dr. Joseph Weissman, a best-selling author, immunologist and allergist, says: "The extensive research and successful clinical tests of enzyme supplementation are certainly convincing proof that staying healthy may be relative to the amount of enzymes in our bodies. The best insurance for accomplishing that is taking the new *Medi-Zyme N* multi-enzyme formula."

An End To Arthritis And Rheumatism!

Extensive research has also been done on the treatment of rheumatism and arthritis. Austrian Professor of medicine Dr. George Klein reported that enzymes were the very best approach to these conditions and had no side effects.

In published medical reports, 141 physicians participated in a study of 1,004 patients taking enzymes. At the study's conclusion, they classified 76% to 95% as considerably improved. The enzymes reduced stiffness and joint swelling, improved the ability to bend and slowed down or halted the deterioration of joints.

Enzymes Shown To Restore Health Of Your Heart And Arteries!

Enzymes also significantly improved heart disorders. This includes arteriosclerosis, thrombosis, coronary heart problems, phlebitis, edema, serious varicose veins and other circulatory problems that affect the brain, lungs, kidneys and liver.

Dr. J. Valls-Serra reported that enzyme supplementation was superior to all methods of vessel dilation and anticoagulant therapy. Former Fordham University Professor Dr. Max Wolf reported that tests of 347 patients with circulatory disorders showed 87% either completely free, or almost free, of any symptoms after taking enzymes.

Dr. H. Denck conducted similar tests of patients who had problems with blood clots, and 94% of the patients improved significantly after taking enzymes. A German scientist, Dr. Karl Maehder, reported that of 216 patients suffering from vein disorders (including edema and varicose veins), 93% improved significantly.

A Remedy For Painful Shingles!

In 1964, Dr. Robert Dorrier tested 24 patients suffering from shingles with oral enzymes. Within 3 days, the pain ceased and the blisters started to heal.

Dr. Wilhelm Bartsch, a cancer clinic director, took notice of Dr. Dorrier's success with enzymes and shingles. He noticed many of his tumor patients developed shingles. He began a clinical study with enzymes and a popular shingles drug. Halfway through the study, he abandoned the drug because the people taking the enzymes had significantly improved in a short time,

while those taking the drug had not.

Recently, Dr. Michael Kleine did a double-blind study with oral enzymes and acyclovir, the current drug for shingles. He concluded that both were equally effective—but the enzymes prevented the recurrence of neuralgia, had no side effects and cost much less.

Finally...A Reason And A Solution For Weight Loss!

Lipase is an enzyme that aids the body in breaking down fat and removing fat from storage. Without enough of this enzyme,

"I had very high blood pressure, digestion problems, leg cramps and was very forgetful until I started taking Medi-Zyme N. Now my blood pressure is almost normal. I eat well with good digestion, and my memory has improved. And it seems that every month I have less and less leg cramps. What a great product!"

— A. Byrne, Arizona

Medi-Zyme N Contains The 8 Most Vital Enzymes Your Body Is Now Missing!

Enzyme	Source	Function
Papain	Papaya	Reduces inflammation and destroys bacteria associated with stomach disorders like gastritis and ulcers.
Bromelain	Pineapple stem	Helps reduce swelling and inflammation of joints. Aids in alleviation of burns, thrombosis, cellulitis, and skin infections, plus it accelerates the healing of bruises, abrasions and contusions.
Trypsin	Ox pancreas	Accelerates healing of injuries, assists your immune system, reduces blood stickiness from phlebitis, emboli and thrombosis. Also, it can dissolve the fibrin covering of abnormal cells.
Lipase	Aspergillus	Works with pancreatin in improving the function of the pancreas and improves digestion.
Chymotrypsin	Animal organs	Helps the immune system identify abnormal growths and can dissolve the fibrin covering growths. Also, it reduces blood stickiness that helps growths spread.
Rutin (a flavonoid)	Several plants	It is a free radical scavenger that also destroys some viruses and numerous bacteria. Rutin is a repairman of varicose veins and capillaries.
Pancreatin	Animal organs	The most important enzyme in the digestion process. Improves digestion in older people.
Amylase	Aspergillus	Works with other enzymes to digest food and improve the absorption of nutrients from food.

Weight Gain Related To Lack Of Enzymes

Weight control may be related to enzymes. Hogs fed cooked potatoes, which don't have any enzymes, gained weight. Hogs that were fed raw potatoes, which contain loads of enzymes, lost weight.

fat stores accumulate and cannot be removed from all over your body including your arteries. Cholesterol and arteriosclerosis will increase.

Veterinarians conducted an important experiment with hogs. One group was fed only raw potatoes and the other was given only cooked potatoes. The group eating raw potatoes lost weight quickly, but those eating cooked potatoes gained weight. This clearly shows the effect of enzymes on weight because even though potatoes are high in enzyme content, cooking them destroys the enzymes.

Dr. David Galton at Tufts University tested people weighing an average of 230 pounds. He found that every one of them was lacking enzymes in their fatty tissue.

Proven To Heal Wounds And Injuries Faster!

Doctors experimenting with ways to increase the healing rate of sports injuries chose karate fighters for a double-blind experiment using enzymes and placebos. Those taking enzymes healed 50% quicker than those taking the placebos. The German Olympic team doctors found similar success in tests with all types of athletes. And soreness from strenuous events was considerably less.

Professor Raas of the University of Innsbruck, who is responsible for the health of Austrian athletes in the Olympic Winter Games, also confirmed these findings. He stated that "a good portion of the success achieved by the athletes under his care would not have been possible without enzyme

treatments." He advises casual athletes to also take enzymes to lessen the effects of potential injury. Enzymes will also boost your energy level.

Doctors have also found that taking oral enzymes before surgery accelerates healing and allows patients to leave the hospital earlier.

Enzymes also play a primary role in your sex life. Enzymes are in the pheromones that cause attraction, sexual excitement and arousal in men and women.

Enzymes Are The Key To Life And Good Health!

Enzymes have proven over and over to be the key to all the important and vital functions of your body. Without them, you will not be healthy, strong or expected to live a long life. But today, there's no reason to be enzyme deficient. While the U.S. has been behind in enzyme technology and research, other countries have been safely using enzymes to keep their population much healthier with no side effects. And as a result, they are living longer.

Now you can use enzyme supplements to strengthen your immune system and fight off illness and disease. You can be healthy. You can restore your lost enzymes and feel 100% better. Only one company in North America produces an enzyme supplement with all the enzymes you need to stay healthy.

Gero Vita International distributes its *Medi-Zyme N* to 33 countries worldwide. It contains 8 of the key enzymes you need every day. *Medi-Zyme N* is not available in stores. You can get it only by mailing in the attached No-Risk Order Form or by calling toll free 1-800-474-3015. Better health is waiting for you now. Call for *Medi-Zyme N* today.

Medi-Zyme N Keeps All These People Feeling Young And Healthy!

(Many more letters on file!)

Medi-Zyme N Helped When Doctors Could Not!

"My wife has severe insulin problems and joint pain. She started taking Medi-Zyme N and noticed an immediate improvement. Then she ran out, and her condition went back to the way it was. When she started taking it again, she got better quickly. After many years of suffering, she's beginning to enjoy her life. It is really amazing to me, since the finest doctors in the country could not help her. God bless you for making this fine product."

— Mr. J. Shalmi, Arizona

"The doctor was unable to do anything for the numbness in my shoulders, muscle stiffness and the swelling of my legs. I'm really impressed with Medi-Zyme N because the numbness is gone, and I've experienced remarkable improvement in every way. Thank you."

— Mr. D. Durkin, North Dakota

Chronic Digestion Problems And Shoulder Pain—Gone!

"I've had chronic digestion problems and discomfort for years, but since I've been taking Medi-Zyme N, it rarely happens. Much to my surprise, the shoulder pain and stiffness also is regressing, and I can sleep easier and move more freely. This is a great product!"

— Mrs. E. McGraw, Idaho

"My wife and I have found that Medi-Zyme N certainly has increased our energy and stamina. We were just commenting the other day that it has increased our interest in new activities and exercise. We will be regular users of Medi-Zyme N. Thank you for an excellent product!"

— Mr. H. Hartman, Florida

No Colds Or Flu Since Taking Medi-Zyme N!

"Medi-Zyme N has really helped me. I haven't had a cold or flu since I began taking it. I have much better digestion with no bowel problems. I even have less morning stiffness and joint pain. Thank you for a fine product."

— M. Hilke, Tennessee

"After taking Medi-Zyme N, I have experienced a noticeable difference. My digestion has improved along with bowel movements, and I feel much better. However, I ran out a week or so ago, and I'm really noticing the old problems returning. Please rush a new supply to me."

— Mrs. D. Mihai, Maine

Reduced Swelling And Inflammation!

"Thank God for the brilliant researchers that developed Medi-Zyme N. I have severe emphysema which no medicine was healing. Medi-Zyme N has reduced the swelling and inflammation, plus it has helped my digestive system."

— Mrs. E. Hargadon, North Carolina

"I can really tell a difference when I don't take Medi-Zyme N. It seems to make every part of my body work better. Your products are great. I could write a book about their effectiveness."

— Mr. E. Struble, Florida

"I'm Loaded With Energy."

"I'm 77 and used to feel a lot of stiffness. Since I've been using Medi-Zyme N, I'm loaded with energy and walk with a spring in my step. I really feel good. Thank you."

— Mrs. L. Danieli, Connecticut

"I had heaviness in my legs, my heart beat too fast and was out of rhythm. Medi-Zyme N is truly a miracle because it has relieved all my problems, and I feel so much healthier. Please thank the scientists who created Medi-Zyme N."

— Mrs. B. Gaddis, Oregon

More Comments From People Who Take Medi-Zyme N And Feel Much Better!

Circulation Problems Improved Greatly!

"I ordered Medi-Zyme N for my wife, who has circulation problems. She has improved so greatly that I've just started taking it myself. Please send our order soon."

– Mr. C. Morsberger, Maryland

"I had tremendous joint pain until I started taking Medi-Zyme N. I stopped taking my prescription drug and felt even better. Finally, I figured that I better tell my doctor. He was shocked, but looked at the ingredients and approved. Also my digestion and bowel movements are regular for the first time in years."

– Ms. B. Faust, Wisconsin

"I really can feel a difference since I began taking Medi-Zyme N. Now I have the energy to keep going all day without getting tired, and my digestion has improved a lot."

– Mr. D. LaMay, New York

Joint Pain And Swelling In Hands Decreased!

"In only three days after I began taking Medi-Zyme N, I noticed the joint pain and swelling in my hands had dramatically decreased. I have more energy and just feel better all over."

– Ms. E. Kettenbeil, Colorado

"Since I began taking Medi-Zyme N, I no longer need to take my

pain medicine. Plus, I sleep much better and don't wake up groggy. You have a committed customer for this product."

– Mrs. H. Krupp, Ohio

"I broke my foot in an auto accident eight months ago and have had pain and swelling ever since. Now that I started taking Medi-Zyme N, the swelling and pain are finally subsiding. In fact, I went to the gym to work out for the first time since the accident. I was afraid of being sore, so I took some extra Medi-Zyme N before I left and after I came back. I didn't feel any stiffness at all the next day. I'm 66 and want to thank you for this wonderful product!"

– Ms. L. Giargiari, Georgia

Medi-Zyme N Improved My Blood Circulation!

"It's remarkable how Medi-Zyme N has improved my blood circulation. My legs used to be cold all the time, and now they are warmer. Also, I have more energy and don't get tired as easily as I did before. You have a very worthwhile product."

– Mrs. L. Gasper, Michigan

"I recently had hip replacement surgery. Before I had the surgery, I asked the doctor if it was okay to take Medi-Zyme N. After he read the research, he agreed that it would reduce blood clots and accelerate the healing. It has. I'm healing much faster than most people.

You have a fine product. Thanks."

– Mr. J. Martin, Washington

All The Pain Is Gone!

"I have pain in my shoulders and spine which shoots down my left hip and legs. The pain was so bad that the doctor decided to give me cortisone. It only partially helped. I started taking Medi-Zyme N, and much to my amazement, all the pain is gone. How do I thank you enough?"

– Mrs. J. Williams, Ohio

"I'm 61 and have been a body builder for 43 years. After one month of taking Medi-Zyme N, my energy level zoomed. I gave some to my 93 year old father and 89 year old mother. Their overall health had improved immensely."

– G.J. Karchefski, Arizona

"I had experienced terrible joint pain and could hardly work before I started taking Medi-Zyme N. Now I'm able to be active and probably will continue working another year before I retire. Thank you so much."

– Mr. M. Hagen, Minnesota

Cleared Up Constipation!

"I'm 72, and your Medi-Zyme N has certainly helped my constipation problem. There hasn't been any side effects. I have

more energy and less muscle stiffness now. Thank you very much."

— Mr. E. Williams, Texas

"Medi-Zyme N is a great product. My digestion has improved tremendously and I've noticed less muscle stiffness. Thanks."

— Mr. F. McCann, Arkansas

Almost 100% Pain-Free!

"I had four surgeries on my hands and the doctor said that nothing more could be done. They hurt all the time. In desperation I decided to give Medi-Zyme N a try. The results are so incredible that I have a hard time believing them. I'm almost 100% pain free! You have the most fantastic product ever, and a customer forever."

— Mr. M. Johnson, Arkansas

"Medi-Zyme N really is the fountain of life. My life is so much better now that Medi-Zyme N has alleviated my arthritic pain. Thank you."

— Mr. J. Weiss, Virginia

Severe Digestion And Bowel Problems Finally Gone!

"Two years ago, my appendix burst and I spent 10 days in the hospital—very ill. Since then I've had severe digestion and bowel problems which the doctor couldn't help. After taking Medi-Zyme N for a while, my digestion is so good that I don't want to ever be without it. Thank you for this fabulous product."

— Mrs. B. Reenders, Michigan

More Flexibility In Joints And Muscles!

"You have a terrific product in Medi-Zyme N. After taking

it for a while, I have more flexibility in all my joints and muscles with no cramps, aches or pains. It makes me feel great all over every day."

— Mr. C. Mueller, California

After Only 1 Month The Pain Diminished!

"I'm 67 and was used to having aches and pains throughout my body—that is, until I started taking Medi-Zyme N. After only a month, the pain diminished, and some days there's none. It's amazing and I'm very pleased. Thank you."

— Mr. L. Link, New York

"It is amazing the effect Medi-Zyme N has had on my health. I have less headaches, and my digestion system has become very efficient with less flatulence and colon problems. Thank you."

— J. Held, Tennessee

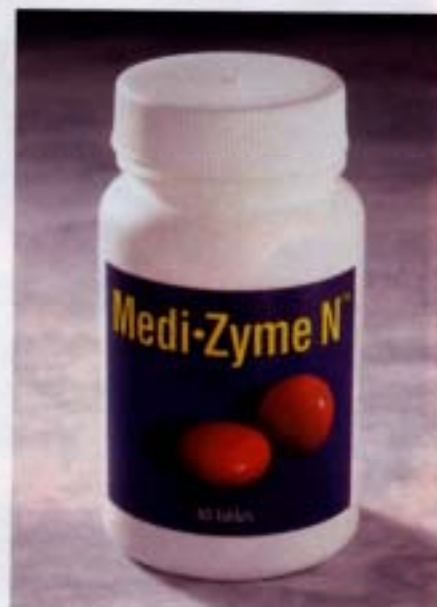

"The pain in my joints has diminished so much that I never think about it any more. My hands do not hurt after playing golf or doing yard work. You make terrific products, and I wouldn't be without them—especially Medi-Zyme N."

— Mr. C. Runyan, South Carolina

Relieved Neck And Shoulder Pain!

"Thank you for making Medi-Zyme N available. It has really brought relief for the awful pain in my shoulders and neck. I never want to be without it. Please rush my shipment."

— Mrs. T. Lindenauer, California

Toronto, Ontario M2N 6S3
CANADA

Scientists have proven that half
your natural healers are gone by
age 60! And this is what—or will
—make you sick and diseased
unless you replace them!
