

People with **Stubborn FAT** Have Low Levels of This...

Dear Friend,

This is the incredible **TRUE** story of when my mother hit **ROCK BOTTOM** and how a little known **NATURAL solution practically saved her life....**

(and might just change yours forever!)

My mom...

The strongest, most powerful and happy woman in the world...

The best mother a family could ask for....

Began transforming into someone we didn't recognize.

Unexplained, excessive weight gain disfigured her body and persistent, negative thoughts twisted her mind until...

“My Sweet Mother Turned Into a Shell of Her Old Self!”

Not knowing the true root cause of her weight gain, her doctor diagnosed her with **severe depression**.

He did what most doctors do these days and prescribed her incredibly strong pharmaceutical medications that **made it harder for her to control her weight**.

And to make things worse, on top of her diagnosis - she was going through the **early stages of menopause** complete with **hot flashes** and **night sweats**.

I realize now that was the wrong move, but at the time I thought the best thing to do was to **stay away**.

So that's why my dad, my brother and I did.

We left my mom alone to **suffer...**

- feeling **worthless**
- feeling **fat and ugly**
- feeling **like a shadow** of her old self

...because we didn't know any better.

“Then one day my mom just... gave up.”

My mothers lonely journey came to a breaking point the day I walked into her house and heard the surprising **SLAM!** of her bedroom door.

When I stopped at her door I could hear her gasping for air between sobs.

When I entered I saw her curled up on the floor crying.

She had no hope.

She had given up.

She had hit rock bottom.

I instantly ran to her side, picked her up, and held her in my arms.

Trying desperately to calm her, my brain was working overtime to find a way to take her pain away.

“That’s when I noticed all the prescription pill bottles sitting on her nightstand.”

Her doctor had prescribed her incredibly strong medications to try and “fix” her **depression and menopause** symptoms:

Pills for **sleeping**.

Pills for **feeling happy**.

Pills for **cramps**.

ALL of them gave her **crazy side effects** and made her feel like she was living in a “fog”.

Her **weight was spinning out of control** and it felt like the world was pushing her down.

Expensive and dangerous prescription drugs were clearly **NOT working**.

“I knew there had to be a better, more NATURAL solution!”

Hi! My name is Ryan Alarid, and I have been studying natural health, fitness & wellness my entire adult life.

In fact, I’ve been able to make a career of studying and sharing natural health solutions with people to help make their lives better.

With my background in natural healing I knew that I could find answers my mom was desperately seeking.

I poured over research papers and talked to holistic doctors, and my research lead to me to the conclusion that...

My mother’s doctor was completely wrong!!!

Depression and menopause were just the symptoms of what was really wrong.

The root cause of my mom’s symptoms were actually...

⚠️ **HORMONE IMBALANCE**

“Hormone changes start in your 40’s and 50’s... but can be felt as early as your 30’s!”

We all know that menopause causes major shifts in hormones, but thanks to our modern lifestyle...

- ✗ Processed foods
- ✗ Too much sitting
- ✗ Exposure to toxins
- ✗ Chronic high stress
- ✗ Sleep deprivation

...millions of women are experiencing negative hormonal symptoms earlier and earlier.

The hormone imbalance associated with pre-menopause and menopause can stop your body from managing stress and experiencing positive moods.

Hormones and depression in women are very closely related.

10 Signs of Hormone Imbalance

Even if you feel healthy, energetic and strong, **hormone imbalance can build up** until it takes over... just like it did with my mom.

1 - Uncontrollable Weight Gain

2 - Belly Fat

3 - Low/No Sex Drive

4 - Lack Energy

5 - Anxiety or Depression

6 - Poor Sleep

7 - Hot Flashes or Mood Swings

8 - Digestion Problems

9 - Uncontrollable Cravings

10 - Painful Menstrual Cramps

If you said **YES** to one or more of the above signs...

your hormones (***including your FAT BURNING HORMONES!!!***) might be out of balance!!!

“That’s when a friend revealed a natural remedy that kept her hormones in perfect balance...”

Soon after I made that discovery a close friend told me about a natural remedy that practically **erased her monthly PMS symptoms**.

She was just 35 years old, but she had such **bad hormone issues** that she would have to call into work and stay in bed all day from horrible PMS cramps...

After just 30 days of using this **natural remedy** her hormones were naturally balanced and her issues were... **GONE!**

Her PMS Cramps - **GONE!**

Her Mood Swings - **GONE!**

She had **MORE Energy** because she experienced **deeper and more restful sleep** every night.

Oh - and her **FAT BURNING HORMONES** were now balanced and her **belly fat started to melt away!**

My friend - She told me to give my mom this life-changing “natural remedy” and to let her know what happens, but to make sure my mom took it every day for **at least 30 days**.

I figured I would take her recommendation, if it worked for her...it might work for my mother and her severe hormone imbalance.

What is this incredible natural remedy?

“It’s called MACA!”

Maca (*pronounced "Ma-Ka"*) is a rare root vegetable that has been used by the Inca Indians in Peru for over a thousand years.

They have used this **natural superfood** as a remedy for a diverse range of conditions.

Researchers have only recently discovered this ancient root and all the incredible benefits it provides women and men.

The positive results of daily Maca consumption are quite substantial...

- ✓ Increases Fat Loss
- ✓ More Energy & Stamina
- ✓ Decreases PMS, Menopause Symptoms
- ✓ Boosts Sex Drive (in MEN & WOMEN!)
- ✓ Lowers Inflammation
- ✓ Fights Depression
- ✓ Helps with Fertility
- ✓ Increases Bone Density
- ✓ Deeper & More Restful Sleep
- ✓ Helps Your Body Adapt to Stress

“Maca seemed like the perfect answer...”

After I told my mom about my friend who had all the amazing results with Maca...

...my mom took it upon herself to stop taking her doctor prescribed meds and start using Maca that she bought from the local “health food store”.

At first - she started to feel like herself for the first time in decades....

Happy...full of energy...AND...she lost 10 pounds...

But...

THE CHANGES DID NOT STICK!!!!

Only a month later...

My mother gained her weight back, was depressed with her hot flashes and mood swings back in full force...

Not only did her results go away after a month, but things were **starting to get worse**.

She wasn't feeling any real, long-term results.

As it turned out...

As it turned out...

...her body was **not getting enough of the Maca** into her cells to do any REAL HELP

I quickly realized, normal **Maca POWDERS and PILLS would NOT work for her** and I had to find a solution that would.

So...I researched more about the quality of Maca available and how the human body absorbs important nutrients.

What I found was truly SHOCKING!!!

“Most Maca is LOW-Quality and NOT fully absorbed by the body.”

It is a well-known **FACT that the body DOES NOT absorb pills** very well and **raw maca is incredibly hard to digest**.

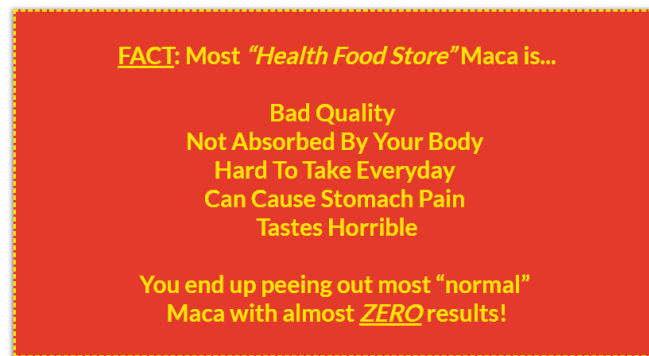

The little maca her body was absorbing - was pathetically **low quality and low potency**.

This is why she was not getting the long-term results from maca.

At this point, I realized that I had to take things into my own hands and find a better and more efficient way for her body to get all the Maca she needed so she could smile and be happy again.

After even more research, I learned that:

“Health Food Store” Maca powder is **MASS PRODUCED** and not absorbable!

I knew Maca was the answer, but I also knew that any conventional Maca available at “health food stores” would simply **NOT** work for her.

This is when I knew what I had to do...

#1 - Search Peru For The Single BEST Maca In The World

...and...

#2 - Find A Natural Way To Absorb the Most Maca Possible.

I am proud to say...

That after searching for OVER a year, visiting farm after farm and testing countless maca roots...

“I found the HIGHEST QUALITY and STRONGEST Maca growing above 15,000 feet in the Andes Mountains!”

The exhaustive search lead me to the small family-owned Fernandez farm in Peru.

What I found was truly incredible.

It is 100% Natural Maca root that is **consciously grown** and **hand-harvested** on the highest areas up in the Andes Mountains of Peru at an altitude above 15,000 feet..

I partnered with the Fernandez family who have cultivated this Nutrient-Dense Incan Superfood for the last 100+ years.

“Super high altitude is what gives my Maca its incredibly powerful strength!”

Maca grown at lower elevations (like many found in health food stores) is harvested 2 to 3 times per year and is *much less powerful*.

Our super-strength Maca grows so high up in the air, that we can only harvest it **once per year**.

Because we are committed to producing the **highest quality Maca** available anywhere in the world, we can **run out of product** quickly every year.

**Most Maca products use only Yellow Maca...
but I use Red, Black and Yellow!**

Most other Maca products only contain ONE kind of Maca... yellow.

But my research revealed that to get the best benefits you need a blend of all **THREE** types of Maca...

	<p>RED MACA</p> <ul style="list-style-type: none">Provides the Most AntioxidantsEffective Against Prostate CancerPositive Effect on Bone Structure & Bone DensityBalances HormonesIncreases Strength & StaminaHighest Amount of Amino AcidsRelieves Symptoms of DepressionReduces Stress <p>YELLOW MACA</p> <ul style="list-style-type: none">Increases Sex Drive & Fertility in WomenPromotes Fertility in WomenRelieves Menopause/Post-Menopause SymptomsBalances Hormones in WomenBoosts Mood in Both Men & Women <p>BLACK MACA</p> <ul style="list-style-type: none">Increases Sex Drive in MenIncreases Sperm Count & StrengthProtects Cells from Stress & FatigueIncreases Memory & Learning AbilityNatural Anti-DepressantElevates MoodImproves SleepStrengthens Immune System

Problem #1 (find the best Maca in the world) is now **SOLVED!**

Now that I found the Highest Quality Maca -

I had to find a way to allow my mother's body to fully absorb it...

This is when I was determined to solve problem **#2: Find a natural way to absorb the most Maca possible.**

You see, what most people don't know is...

“Maca Powders and Pills DO NOT Work!”

It's **TRUE!**

The absorption rate of powders and pills is *alarmingly low*.

In FACT: Only 5% - 18% of the healing properties actually make it into your cells!

This happens because the starch in Maca isn't fully broken down in your small intestine.

(Imagine what would happen if you ate a raw potato... it's similar)

So once I learned this I started looking for a way to improve Maca's absorption rate.

And that's when I discovered liposomes!

Protecting Nutrients - Liposomes make Maca up to **20x MORE Absorbable** than powders and pills!

Liposomes were little protective bubbles first discovered in breast milk.

The job of these tiny "bubbles" is to **protect the nutrients** in the milk so they can be delivered directly into the baby's cells.

This is how Mother Nature makes sure that the baby gets **MAXIMUM absorption** of these life-giving nutrients.

Once the liposome reaches the cell it is immediately recognized as "friendly" and allowed to fully absorb into the cell.

Scientists soon found they could mimic Mother Nature by using liposomes to deliver just about any nutrient safely into a cell.

As soon as I learned about liposomes I realized...

“Liposomes are the secret to making the best Maca the world has ever seen!”

My research on liposomes then led me to **Dr. Blair Ph.D.**,

An award-winning scientist who is one of the world's foremost authorities on liposomes.

What Dr. Blair discovered was a **100% natural method** that copies the way your body makes and absorbs liposomes.

But unlike all the other methods, Dr. Blair's method **DOES NOT USE...**

- ✗ NO High Pressures
- ✗ NO High Temperatures
- ✗ NO Toxic Solvents

With the help of Dr. Blair's proprietary

liposome method and **over 90% absorption...**

I successfully developed a Maca formula so powerful that it requires...

LESS THAN A TEASPOON PER DAY to give you all the incredible hormone balancing benefits!

With just **5 seconds a day**, you can start feeling better!

“My Liposomal Maca formula reversed my Mother’s symptoms... in only 30 days!”

After **only 30 days** of taking my new Liposomal Maca formula my mother felt better than she had in years!

She was **smiling and laughing!**

Her **hot flashes were GONE!**

She felt **full of energy**

She **slept all night** and woke up **refreshed!**

And the best part is...

She no longer takes any post-menopausal or depression medications.

Plus - her 30+ year marriage is now stronger than ever!

For the first time in a long time she feels like she is actually the **strong and amazing woman** we all know and love.

She even **completed her very first Triathlon at the age of 56!**

Not a day has not gone by that she has not smiled or **loved her new thin body!**

When word got out about my Mother’s dramatic transformation, friends started asking her how she changed so quickly.

When she told them about my Liposomal Maca, they begged me to let them try some.

After 30 days of using it, this is what they told me...
